

ROJESTVENSKY IN THE HOSPITAL AT SASEBO

WASHINGTON, MAY 31.—The following cablegram has been received by the State Department from Minister Griseom, dated Tokio, May 31, 12:40 p. m.—“Rojestvensky seriously wounded; hospital, Sasebo. Two Russian hospital ships captured, suspected taking part strategically; brought Sasebo. Russian officers will be released on parole.”

ADMIRAL'S SKULL IS SAID TO BE FRACTURED BUT HE WILL RECOVER

Japanese Had Remarkably Small Losses—Not a Big Warship Was Lost in the Great Battle.

TOKIO, May 31, noon.—Admiral Rojestvensky has arrived at the Sasebo naval hospital. The naval office has announced that the only Japanese vessels lost in the battle with the Russian fleet were three torpedo boats. WASHINGTON, May 31.—The State Department has received the following cablegram from Tokio dated today: “Rojestvensky's skull fractured, requiring operations; serious, but not dangerous. Total Japanese losses up to date three torpedo boats sunk, three officers killed, about 200 men killed and disabled.”

LITTLE DAMAGE DONE TO JAPANESE FLEET

WASHINGTON, May 31.—The Japanese legation today received the following dispatch from Tokio: “It is officially announced that from the last battle the damages sustained by our fleet were very slight and none of our battleships, cruisers, destroyers or other ships were lost, except three torpedo boats. Under imperial command Admiral Togo was authorized to permit Nebogoff to submit to the Czar the reports on the last battle and a list of Russian killed, wounded and prisoners. The Admiral was also released on his parole with the surrendered officers of Nicolai I, Orel, Apraxine and Seniavin. “Rojestvensky was taken to Sasebo naval hospital. No other admiral was captured from Biedovy, the last report in this respect being due to clerical error.” Commander Isami Takeshita, naval attache of the Japanese to the United States, was at the White House early today and communicated the above information to the President.

ALMAZ ONLY BOAT TO REACH VLADIVOSTOK

WASHINGTON, May 31.—The following dispatch has been received at the State Department from Ambassador Meyer at St. Petersburg: “Russian ship Almaz only Russian arrived. Captain reports he saw Kniaz Souvaroff sink. Rojestvensky wounded. Safely lowered aboard torpedo boat Butiny. Not yet heard from.”

REPORT THAT GROMOBOI IS LOST DENIED

ST. PETERSBURG, May 31, 1:30 p. m.—The Admiralty denies the report telegraphed to the London Daily Express that the cruiser Gromoboi of the Vladivostok squadron had been sunk with nearly 800 men on board. A message from Captain Broussikoff, her commander, was received last night, which it is believed was sent to Vladivostok by wireless telegraph. Vice Admiral Skrydloff, who was reported to be on board the Gromoboi, is in St. Petersburg.

CZAR IS HOLDING A COUNCIL OF WAR

ST. PETERSBURG, May 31, 5:35 p. m.—The seriousness of the situation created by the complete destruction of the Russian fleet seems to be fully realized at Tsarskoe-Selo, where the Emperor has assembled all the members of the imperial family to decide on the course to pursue. A series of conferences are proceeding, which will determine not only the question of peace, but whether it is advisable to yield to the popular demand for the immediate convocation of a national assembly.

BITTER FEELING AMONG RUSSIAN PEOPLE

ST. PETERSBURG, May 31.—The catastrophe which has overtaken the Russian fleet has given a tremendous impetus to the demand upon Emperor Nicholas for the immediate convocation of a national assembly without awaiting action upon the report of the Bouligan rescript commission. With the single exception of the reactionary Sviet, the press pours out indignation and wrath upon the bureaucracy, which is held responsible for all the misfortunes of the war. Only the Novosti and the Bourse Gazette, however, declare that peace should be concluded. The Russ, now the widest read paper in Russia, says: “Those guilty of Russia's disgrace should be overwhelmed with shame.”

“The death of half a million of men,” the Russ continues, “and the loss of millions of money is the price of the rejection of progress and western civilization. Sebastopol struck the shackles from the serfs and Port Arthur, Mukden and Tsu Island should free Russia from the slavery of the bureaucracy.”

BANDAGES TORN AWAY. The Slovo, another popular paper, is even more bitter. It says: “Enough! Blindfolded for two years, the Russian people have been marching to the brink of destruction, but the bandages are now torn from the eyes of 130,000,000 of Russians and they will neither be led nor driven over the precipice. Let the people speak. The bureaucracy has had its way and has crowned its work of national shame and humiliation. Let it now listen to what those who have suffered in

silence and who have supported them in luxury have to say. From this moment convocation of the people has become as necessary as the air we breathe. If the bureaucracy this time stands between the Emperor and the nation let it beware. Let it remember the lessons of Russian history—the history of the Kemsy Sobor of 1869. The Japanese are not fighting the Russian people, but the Russian bureaucracy which has rejected with enmity the talent of the nation for a host of sycophants and time-serving courtiers. Our only consolation in this bitter hour is the consciousness that it is not the people, but the government which has suffered defeat. Enough!”

The Syn Otetchestva and Nasha Shishn, two constitutional papers, are equally bitter.

DELAY FATAL.

The Novoe Vremya, while milder, defending the Russian nation against the charge of rottenness and insisting that there is plenty of patriotism, as evidenced by the fact that more young officers volunteered to go out with Admiral Rojestvensky than were needed, nevertheless joins in the cry for an immediate summoning of the people. “Delay will be fatal,” the paper adds. “All Russia's intelligence and all her ability are needed to meet the advancing crisis.”

The Listok says: “The war has taught the lesson that education, good government and freedom are always victorious over ignorance, misrule and despotism.”

The Sviet remarks: “We must not yield an inch, but fight on if not on the sea, then on land. An ignominious peace would reduce Russia to a second-class power.”

SEVERAL CRUISERS NOT YET ACCOUNTED FOR

TOKIO, May 31, 9 p. m.—The reported sinking of the cruiser Jemtechug has not been confirmed and the name of the cruiser has been dropped from the list of destroyed vessels. It is suspected that the protected cruiser Aurora and the cruiser Almaz were sunk, but positive confirmation is lacking.

A dispatch from Vladivostok stated that the Almaz had arrived there in a damaged condition.

ROJESTVENSKY WILL RECOVER FROM WOUNDS

TOKIO, May 31, 5 p. m.—It is now certain that Admiral Rojestvensky is a prisoner of the Japanese. He is wounded in the forehead, legs, and back, but will recover. Vice Admiral Voelkersam is supposed to have perished.

NATIONS BLIND TO FUTURE

Prince Outomsky, Friend of Czar, Takes World to Task.

PARIS, May 31.—Governmental quarters for the time entertain a distinct hope of peace. This hope is not strong, but something more than a deduction from the present naval battle. What it is based upon is not known outside of those intimately conversant with Russia's intentions, but it is significant that hope now prevails in high quarters that peace efforts may not be futile.

It is said, however, that everything depends upon a small circle very closely identified with Emperor Nicholas, who, it is recognized, must have the final word despite any other influences favorable to peace.

Concerning the reports of the possible intervention of the powers, it is said that the time has not yet arrived for such a movement, which might embarrass the pacific tendencies already developing in Russia. At the same time the view prevails that moral influences in France, Great Britain and the United States stand for peace, while the interests of Germany incline towards a prolongation of the war.

Premier Rouvier has publicly asserted that Russia's defeat at Mukden led Germany to embark on her ambitious program in Morocco, and the same sentiment prevails here now, namely, that Russia's defeat in the Straits of Korea further strengthens German ambitions.

Therefore, it is expected that the first step toward peace will come through France, Great Britain and the United States if an opportune moment arrives for a separate or concurrent expression of such influences.

WOMAN TAKES POISON

Mrs. Morse of Pleasanton is in a Dangerous Condition.

PLEASANTON, May 31.—The fact that Mrs. Chauncey Morse of this city attempted suicide Sunday afternoon by taking carbolic acid has just come to the knowledge of a few of her intimate friends. The woman is lying in a critical condition at the home of her friend, Mrs. J. A. Philpot. Drs. W. H. Cope and S. J. Wells have been in constant attendance upon her, and while they are doing their best to save her life they say there is grave danger and that her rash act may end fatally.

Mrs. Morse is the wife of Chauncey Morse, who has a butcher business here. From what can be learned of the affair, which has been kept very quiet, her attempt to end her life was the result of a quarrel with her daughter, Pearl Morse, about 18 years of age, who is well known here and has a large circle of friends and acquaintances.

Miss Morse has had a number of admirers, and while one was favored by the parents, like many girls before her their choice was not her choice. In fact it is not known that she had any particular liking for the one young man her parents would have her marry. She also has had a girl friend that her parents objected to her going about with, and matters came to a climax Sunday morning, when her father told her that if she could not obey them and let such associates alone as they objected to that she should leave the house.

It was quite early in the morning, and taking her father at his word she went away to the home of her friend, Mrs. George Johnson, where she stayed all day. In the afternoon she returned to her home, but the mother in the meantime, fearing that she had lost her girl, took a quantity of carbolic acid and then went to the home of Mrs. J. A. Philpot, where she acknowledged what she had done.

Doctors were immediately sent for, but

PEACE TALK IS HEARD

France and America May Attempt to Make Terms.

ST. PETERSBURG, May 31.—Some members of the imperial family are understood to be urging the Emperor to retrieve the situation by making common cause with the people against the bureaucracy.

The Emperor has decided to send his brother, Grand Duke Michael, to attend the marriage of Crown Prince Frederick William of Germany, instead of his uncle, Grand Duke Vladimir, whose more mature judgment and advice the Emperor regards as very important in the present crisis.

Prince Outomsky, in the Rasviet this afternoon, declares for peace in a half distracted editorial, in which he takes the whole world to task for shutting its eyes to the yellow peril.

“All the nations, blind to the future,” says the Prince, “are fawning upon victorious Japan. Great Britain, rejoicing in Russia's fall, utters her sarcastic condolences and America sends Secretary Tait and a party of eccentric American ladies to visit the land of the Mikado. France, in fear of Indo-China, allows Japan to boss her about, while the crowned Hohenzollern, who a few years ago sounded a solemn warning to the Aryan race, rushes to the station at Berlin to greet the little yellow Prince Arisugawa and showers him with attention.”

In view of possible demonstrations, three regiments which were at the summer camp at Krasnoye-Selo, sixteen miles southwest of St. Petersburg, have been hurriedly brought back to St. Petersburg.

YACHTS SIGHTED.

SCILLY ISLANDS, May 31.—The American schooner Hildegarde, one of the contestants in the international race, was sighted nine miles southwest of Scilly Islands at 5:20 p. m. The English schooner Sunbeam, another contestant, was sighted fifteen miles west of the Scilly Islands at 6:10 p. m. A fresh southwest breeze was blowing.

RUSSIA NOW WANTS TO HAVE PEACE.

ST. PETERSBURG, May 31.—This afternoon the Emperor summoned Admiral Alexieff and all the ministers to an extraordinary council. This was Foreign Minister Lamsdorff's regular day for receiving the foreign representatives and when he got the imperial command he hastily sent the representatives notice that he could not receive them.

The Associated Press was informed that all the ministers, with the exception of the ministers of war and marine, were unanimously in favor of the conclusion of peace.

No trouble is anticipated in meeting the payment of an indemnity, as financiers who were not willing to lend money for a continuation of the war, are ready to accommodate Russia if money is needed for the purpose of concluding peace.

ONE MORE BOAT ARRIVES AT VLADIVOSTOK

ST. PETERSBURG, May 31.—So far as ascertainable the torpedo boat destroyer Bravi is the only other vessel belonging to Admiral Rojestvensky's fleet which arrived at Vladivostok. The protected cruisers Jemtechug, Aurora and Oleg are still unaccounted for.

Pitiful scenes continue to be witnessed at the Admiralty, where the families of officers and sailors continue to appear and ask for news of their missing relatives. The families of many of those who were on board ships reported to have been sunk are having requiem masses celebrated for the repose of the souls of the dead.

DEFEAT NOT MADE KNOWN TO THE ARMIES

ST. PETERSBURG, May 31.—Dispatches from the front say the news of Admiral Rojestvensky's defeat is not yet made known to the Russian armies in Manchuria and that the soldiers are still hoping for a Russian naval victory.

INTERESTING NOTES

A great irrigation project involving expenditure of about \$25,000,000, has been authorized by the Secretary of State for India. ECHO OF DISASTER

Article Washed Ashore
May Have Belonged
to Oakland Girl.

The finding of an open-face lady's gold watch with some coins on the beach in San Francisco by Mrs. Andrew Brandt, who resides at 814 1/2 Golden Gate avenue in that city, has led to the impression that it had been washed up from the Rio Janeiro wreck, which occurred three years ago, and that it was the property of one of the lady victims of that disaster, in which 100 persons lost their lives.

As there were two ladies of Oakland in that accident who lost their lives it is considered not impossible that the timepiece may have been in the possession of either of them when they went down with the ill-starred steamer.

These unfortunate women were Mrs. Wakefield and her daughter, Miss Naomi Wakefield, whose home had been at 1311 Harrison street. The remains of Mrs. Wakefield were recovered, but even that melancholy consolation was not afforded the family of the deceased in the case of the daughter, Naomi.

This tragedy is never recalled intentionally in the Wakefield home, which is now occupied by Dr. S. R. Wakefield and family, son and brother of the women whose lives were sacrificed almost when about to step ashore from the steamer after a journey in the Orient.

With a view, however, of ascertaining whether or not the timepiece in question had been the property of Mrs. or Miss Wakefield, without impeding the surviving relatives to recall their great bereavement a TRIBUNE reporter discussed the find with a very close personal friend of the Wakefield family.

The picture of the watch in a morning paper reminds me, said the TRIBUNE informant, of a watch which I know was worn by Miss Naomi Wakefield. Like that in the picture, Miss Naomi's watch was one of the open-face character. The hours on the dial were represented by numbers instead of Roman characters just like those in the picture. The chasing around the rim of the case was similar, in a general way, I should say, to that in the picture of the watch found.

Reference is made in the article in the morning paper that the chain had been broken off, although the hook is still attached to the ring of the watch. Miss Naomi Wakefield never wore a chain to her watch. She used a hook instead. There is nothing said in the article in the paper regarding the appearance of the hands of the watch. The watch of Miss Wakefield had a cluster of six diamonds and one large ruby in the middle on the reverse side, but those might have been lost, perhaps in the washing of the gems against the rock on the beach.

Miss Naomi's watch was of Etruscan gold and the hook was of Etruscan gold and was purchased in Philadelphia and it is not improbable that inquiry will be made to ascertain whether or not the watch in San Francisco has the distinguishing marks of the Wakefield watch. The intrinsic value of the watch would be of no matter to the family. The interest would lie in the fact that it had been worn by a sister who had been rudely taken away.

The tell-tale letter Mrs. Etta Larsen had written to John Scott, for whom she expressed a fondness, and which was introduced in evidence in the case of Henry Davis against Mrs. Larsen to foreclose a \$1500 mortgage on the furniture in the Davis House on Sixth street proved to be her undoing and a judgment was handed down by Judge Waste this morning in favor of Davis together with the costs of the suit.

As her defense to the suit she declared that the money that had been paid for the house was not hers, but her husband's and that they could not hold him responsible for any act of hers. Then it was that the letter was brought to light. She had written to John Scott as her "Dear Jack" and implored him to come and see her and then went on to tell him that her husband had made the place over to her. Some time afterward when Scott found he had a rival he was exceeding wrath. He went up to the rooms of his amoral and made a wreck of the place. He cut up her ribbons and tore up her dresses declaring that he had bought them and that he would have the satisfaction of destroying them. Her husband at this time was away at some mines and unaware of the rough passage his family was having in his absence.

Not content with the destruction of her clothes Scott gave Davis a number of her letters among which was just the admission needed to make the case complete and this morning Judge Waste stated that in view of the fact that she had admitted the property was hers in the letter there was nothing for him to do but give a judgment for the plaintiff who was represented by Attorneys Mitchell and Wood.

OFFER MADE TO CHICAGO

TRACTION COMPANY IS WILLING
TO SELL LINES TO
CITY.

CHICAGO, May 31.—The Daily News today says:

A definite proposition on the part of the Chicago Traction Companies to sell the car systems in this city has been made to Mayor Duane, and if reports are correct, the offer will in all probability be accepted.

This development came today while the Mayor and his advisers were in consultation with James Dalrymple, the Glasgow tramway manager. It is believed negotiations between the city and the companies will come to a speedy issue.

The proposition made embraces the following: "The immediate turning over of the two traction systems to the city or lease their operation under city supervision.

"The rehabilitation of both systems by their present owners, the city paying for whatever outlay is necessary in order to establish a first class and up-to-date service.

"Election to the board of directors of both systems of representatives and experts for the city who shall work in harmony with the general managers of the traction companies in the task of rebuilding the lines.

"The temporary passage over of the so-called ninety-nine year rights, the awarding of a final determination of the status of those rights before estimating or attempting to establish a value for the intangible property of the systems.

"An appraisal of present values of the systems.

"Acceptance of Mueller law certificates in payment for the properties."

PHILADELPHIA, May 31.—Counsel for former Director of Public Safety Smyth and former Director of Public Works Costello, who were deposed by Mayor Weaver, today withdrew the papers in the injunction proceedings brought against Potter and Ackers, their successors.

This formally ended the legal fight that had been begun at the instigation of organization leaders against the appointees of Mayor Weaver.

The withdrawal of the papers means that the organization forces have decided to discontinue for the present, at least, their fight on Mayor Weaver.

BIG ADVANCE IN MAY CORN

CHICAGO, May 31.—An advance of nine cents a bushel today marked the close of the bull campaign in May corn. Throughout the entire session of the Board of Trade today shorts were anxious bidders for May, but offerings were hard to find. The close was at the highest point of the day—sixty cents a bushel. The opening showed a gain of one cent at 52 and within the first few minutes the price was bid up to 55 cents. Just before the close the price was forced to sixty cents, the final quotations.

A WOMAN'S POLITICS

Man is always doing politics, and he is always upbraiding woman for following his example. There is one place, however, where a woman can do something politic for which she will not be upbraided. It is in a kitchen. Her cranky political husband can be won over on every occasion by a gas stove.

You see, it will help to keep the house clean; it will insure well-cooked meals on time; it will result in smaller expenses for the household; it will keep you in such a sweet temper that the house will appear to be full of sunshine all the time. If this is not enough to induce you to sell the old, cracked, unreliable coal stove that goes with the wind, to an old junk man, then your case is indeed hopeless.

STRIKE SPREADS

Coal Handlers Discharged -- Non-Union Workmen Employed.

CHICAGO, May 31.—Three more coal hands were affected by a spread of the strike to the Henry B. Weaver Coal Company today. The men refused to deliver fuel to the American Express Company and were discharged. Their places were filled by men from the "Employers' Teaming Company." This is the first strike of coal teamsters in three weeks.

Fear of incendiarism has caused police to re-enforce the guard at the number yards of the Hines Company and other large concerns. Even a river patrol has been organized, and the surveillance is being maintained night and day.

Court proceedings and legal steps in connection with the teamsters' strike were resumed today. In the Federal Court sixty men were cited by Judge Kohlsaat to appear and answer charges of violation of injunctions.

brotherhood does not provide for a referendum vote calling off the strike. It does provide, however, that the men on strike shall decide when they want a settlement. They only can discuss finally the terms of settlement.

"The only way that either the board or myself can act officially is to secure some sort of an offer of settlement and present it to the rank and file. All this talk about myself or the board calling off the strike is foolish."

A sensation was caused in the Federal Court today by Attorney Oscar E. Lehman, who represented three persons cited for alleged violation of strike injunctions. Without preface he said:

"This is a case where war was brought into a district and men with revolvers shot at women and children, and men were killing one another. It is a case where trouble was brought into a peaceful district, the residents did not want trouble. When they carry murder into district like that the residents will not have to answer for violating an injunction."

"We have nothing to do with your quarrels—we are not union people. A boy was shot by a driver of a wagon, and now is in a dangerous condition in the hospital. When his companions went to a policeman to have the driver arrested for shooting Eddie Wright at Twenty-second place and Princeton avenue, they were themselves arrested. I have thirty witnesses, and will have them ready for examination tomorrow morning."

"Have them ready tomorrow," said the court peremptorily suspending consideration of the matter until then.

BOARD OF TRADE TO GO TO FAIR.

Secretary Stearns of the Board of Trade has been officially informed that the management of the Lewis and Clark Exposition at Portland has set apart August 11 next as a special day at the fair in honor of Oakland, Alameda and Berkeley. On that day there will be special features prepared for the entertainment of visitors from those cities. The band of the exposition will be placed at the service of those guests by the president of the enterprise. There will be an excursion from this city to Portland under the auspices of the Board of Trade. In the cost of the trip will be included those of admission to the grounds, meals, transportation and other essentials.

Henry Freeman pleaded guilty to the charge of driving a horse cruelly this morning in Police Judge Smith's court. He was released at the request of J. W. Tahouk, city solicitor, on the condition that his horse had been overdriven. Sentence will be passed tomorrow.

CHARGES FILED WITH BOARD.

HARRY WILLIAMS, COAL DEALER, IS ACCUSED BY A BUSINESS RIVAL.

Charges have been preferred against Harry G. Williams, who has the contract for supplying the city with hay and grain, that he is substituting an inferior grade of coal for that called for in the bid.

J. J. Kennedy, another coal dealer, is the person who makes the charges. The Board of Works before whom the matter came this morning postponed the hearing of the charges for two weeks at the request of John McDonald, attorney for Williams.

The legal advisor stated that he was not well enough to go on with an investigation. The following letter to Mayor Mott is self explanatory.

"Honorable F. K. Mott, Mayor, Oakland.—Dear Sir, I hereby charge that Harry G. Williams, city contractor for coal, has fed the city of Oakland and is not fulfilling his contract. I desire that you as Mayor of this city call at once at Engine Company No. 4 located at East Fourteenth street and Thirteenth avenue, and see for yourself that not according to specifications or sample on file, but is cheaper grade, costing at least \$150 less per ton in the open market. Respectfully yours, J. J. KENNEDY, '1214 Market Street'"

BOARD OF WORKS MEETS

PASSES ON ROUTINE MATTERS—BIDS FOR SUPPLIES ARE RECEIVED.

At a meeting of the Board of Public Works this morning twenty-six bids for supplies for the city of Oakland for the next fiscal year were opened. All bids were referred to the City Attorney for an opinion as to their legality.

Bids for sweeping the bituminized streets were laid over until Friday to permit bids for ordinary sweeping by multiple contract by a patent device to be received.

Henry Mohr was granted permission to erect a temporary fence on Southern Pacific street, between Twenty-third and Isabella streets.

Miss M. W. Koch was granted permission to cut down trees in front of her residence, corner of Forty-fourth and Forty-fifth streets.

Geo. P. MacLean was granted permission to excavate certain streets and lay pipes.

The Star Box Ball Company was granted permission to erect an electric sign at 415 Tenth street.

A petition for an electric light at Thirty-fourth and Market streets was placed on file.

D. J. Sorell was granted permission to move a house from Tenth street to Center and Fifth streets and also from Fourth street to Chestnut street between Fifth and Seventh streets.

Henry Johnson was granted permission to move a house to Campbell street, between Eleventh and Twelfth streets.

The application of Frank Johnson to erect a shed at 1064 Franklin street was denied, the site being within the fire limits.

THE WASHDAY OF HIGH FINANCE

(From the Saturday Evening Post.) Every once in a while there is a great enterprise—railway, manufacturing life insurance. And in the struggle the door is pushed open, and the public has a glimpse of what is going on behind—barber, funds for public officials, salaries of enormous size to parasites, stock-jobbing, gambling, swindles on the public. At the shout of dismay and horror from the public, the quarrelers grow silent, cease their struggling, hastily draw the door to. And presently, on the marble steps, appears a smug, suave gentleman, a "bulwark" of society, and he eloquently explains to the public that it is really mistaken in thinking it saw things, more like the doubts in a den of thieves than in a "great financial institution."

This happens not once but every once in a while. Some day, the smug gentleman will be carried by the discovery that he is no longer believed.

AN APPROPRIATE MONUMENT.

It is proposed when a certain Atchison man dies to place his automobile over his grave as a monument. "He has spent so many happy hours under it," people say.—Atchison Globe.

MANIAC ENDS LIFE

Found Hanging By His Neck in His Own Cell.

STOCKTON, May 31.—Daniel Murphy, aged 31 years, committed to the State Hospital at Stockton from San Francisco, September 30, 1898, having acute mania, and with homicidal and destructive tendencies, hanged himself in his room this morning, sometime between four and five o'clock.

When he was found by the night attendant, it was seen that he had fastened a bed sheet to a ventilator near the ceiling, the other end being tied about his neck. He had also tied his feet together.

The body was still warm, but efforts to revive the man proved futile.

BABE IS POISONED

Mother Carries Infant to Hospital and Life is Saved.

A distracted mother, believing that her year-old baby had swallowed carbolic acid, ran to the Receiving Hospital with the infant this morning, where it was found that the babe was suffering with burns about the face. It is not believed that the baby swallowed enough to endanger his life.

The woman was Mrs. E. Pasant, of 305 Third street, and the screams of the child attracted her attention to it, and she found that in some way it had got a bottle of carbolic acid and extracted the cork, and in trying to drink it had smeared it over its face.

An examination by Dr. L. L. Rignin at the Receiving Hospital resulted in finding that while the child was considerably burned on the outside of its face that there was little or no indication that much of it had gone down its throat. It, however, was treated with the usual antidote, and it is not believed that the health of the child will be materially injured, although it is apt to bear the scars of the burns to the grave.

GOING TO PORTLAND.

On the excursion which leaves San Francisco for Portland, via the Southern Pacific Railroad, June 1, for the purpose of seeing all the sights in and about the city of Portland and the Lewis and Clark Exposition, will be several business men of this city, among whom will be A. S. Lavenson of the H. C. Caswell Company and Cashier Smith of the Security Bank and Trust Company.

MONEY STOLEN.

J. M. Cookson, residing at 4208 Piedmont avenue, reported to the police this morning that \$10 had been stolen from his home yesterday by a young boy, whose name he did not know.

A Positive Necessity.

Having to lay upon my bed for fourteen days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises over which it is applied. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Downsville, Texas, 25c, 50c and \$1.00. Wishart's drug store, Tenth and Washington streets.

DECLARES ROCKEFELLER IS
A CHRISTIAN

Baptist Clergyman Comes to the
Rescue of Standard
Oil Magnate.

NEW YORK, May 31.—The recent criticisms of John D. Rockefeller growing out of his gift of \$100,000 to the American Board of Commissioners for Foreign Missions are declared in an article by the Rev. Dr. Robert Stuart McArthur, pastor of the Calvary Baptist Church of this city, to be published tomorrow in the Examiner, a Baptist publication, to be coarse, cruel and perhaps criminal, and to have marred the entire Baptist denomination. He "protests against the condemnation of our churches by these cowardly and unjust attacks," declares that no one knows better than Mr. Rockefeller that he cannot buy the approval of Baptists by his millions, that Baptists would advocate his expulsion from the church if it were proved that he had acquired his money dishonestly or by means morally or socially destructive. He adds that he has investigated certain business transactions which have been fiercely denounced by Mr. Rockefeller's critics and has found them in accordance with the highest standards of commercial morality. Mr. Rockefeller, he asserts, is worthy of confidence and admiration and affection, and appeals for fairness of judgment of him.

THE ARTICLE.
Dr. McArthur's article is entitled "The Baptist Brotherhood Defended," and is in part as follows:
"The recent coarse, cruel and perhaps criminal criticisms of Mr. John D. Rockefeller have marred the entire Baptist denomination. His detractors are its defilers. Baptist pastors ought no longer to remain silent when their denomination is made the object of such unjust criticism. As a member of the Baptist Brotherhood, I protest against the condemnation of our churches by these cowardly and utterly unjust attacks. I affirm that the censures inflicted upon the denomination arising upon Mr. Rockefeller as a prominent member of a Baptist church are unjust. I have known Mr. Rockefeller for many years, and I do not hesitate to declare, on the basis of such knowledge, that these transactions, when fully understood and fairly judged, are in accordance with the highest standards of commercial morality. My examination has shown me that many charges are based upon half truths, and that when the full truth was ascertained these very transactions redound to Mr. Rockefeller's honor as a leader in business and

as a professor of the Christian faith. "In so enormous a business as that of the Standard Oil Company it is inevitable that agents of the company perform acts which Mr. Rockefeller's knowledge and without his approval. A high officer of the Standard Oil Company intimately acquainted with Mr. Rockefeller's daily influence in his counsels informed me recently that Mr. Rockefeller had always been quick to explore and to correct instances of unjust and injurious overzeal.

"Dr. Gladden, in one of his defamatory articles, quotes a denunciation in an opinion of a judge of a railroad officer for making a certain contract with an agent of the Standard Oil Company. Dr. Gladden gets to state that this was nearly a generation ago, that the Standard was never a party to the suit, and that the most of all to the point that this very contract was ordered canceled as soon as it was known that it was made by an agent of the Standard Oil Company. Dr. Gladden and before any complaint was uttered about it. Or take the case of the Cleveland, which Dr. Gladden says was sold to one who will take enough pains to read the affidavits printed and accessible, but he cannot buy the approval of Baptists by his millions, that Baptists would advocate his expulsion from the church if it were proved that he had acquired his money dishonestly or by means morally or socially destructive. He adds that he has investigated certain business transactions which have been fiercely denounced by Mr. Rockefeller's critics and has found them in accordance with the highest standards of commercial morality. Mr. Rockefeller, he asserts, is worthy of confidence and admiration and affection, and appeals for fairness of judgment of him.

TAKES PAINS.
"I have taken pains to make inquiry regarding business transactions which have been the subject of herce denunciation on the part of some of Mr. Rockefeller's critics, and I do not hesitate to declare, on the basis of such knowledge, that these transactions, when fully understood and fairly judged, are in accordance with the highest standards of commercial morality. My examination has shown me that many charges are based upon half truths, and that when the full truth was ascertained these very transactions redound to Mr. Rockefeller's honor as a leader in business and

Council on both sides agreed that the facts were the same in the injunction proceedings over last year's ordinance.
The Court then decided to issue a preliminary restraining order, fixing the bond in the sum of \$125,000. William R. Davis said that there was a difference between the complaint of last year and that of this year.

Attorney McEnerney said that the water company must waive that feature of the petition for injunction.
Judge Gilbert then set the exception to the master's report and the exception to the amended answer of the defendant, the City of Oakland, in last year's suit, for hearing next Monday.

DENVER, May 31.—Coming direct from Washington, D. C., where he has been in conference with President Roosevelt in relation to live stock interests, President F. Hagenbarth of the National Live Stock Association stopped in Denver for an hour today en route to his home at Salt Lake City. Most of his time here was spent in conference with Secretary J. H. Gwynne of the association.

"The purpose of my visit to Washington," said Mr. Hagenbarth, "was to impress the president in the reopening of foreign markets to the American live stock growers. I wanted, if possible, to convince the authorities at Washington that there were vital matters at stake that should be legislated on."

Mr. Hagenbarth said that he received assurances from President Roosevelt, officials of the Department of Agriculture, Director of Census North, Commissioner Garfield and other Government officials that they would do all that they could to help the live stock interests.

Mr. Hagenbarth said that his statement to the President was in part as follows:
"We have lost more than \$100,000,000 annually for the last three or four years in export markets for meat alone through commercial misunderstandings that have resulted in tariff retaliation against meat from this country. Germany's discrimination has been the most severe, although the loss of the French market has cost live stock interests \$40,000,000 annually.

"Reciprocity is the solution of the problem—reciprocity preferably, and if we can't get that, retaliation should be the method."
"President Roosevelt quite agreed with me," said Mr. Hagenbarth, "and that both reciprocity and retaliation could be adopted by the United States."

The President and Mr. Hagenbarth agreed that the matter was one that should be brought before Congress. President Roosevelt requested Mr. Hagenbarth to prepare a brief on the matter, which he will do as soon as he reaches Salt Lake City.

One of the objects of the live stock man's visit to Washington was to have the Department of Commerce and Labor take a census of live stock and farm products biennially. President Roosevelt has taken that proposition up. Matthew W. McIntosh, secretary of the department, said that it will be discussed by Mr. Hagenbarth in his brief, which will be filed with the President by June 1.

"I was greatly encouraged by my visit and I think that a bright era is opening up for the live stock man of the United States," said Mr. Hagenbarth.

SANTA BARBARA, Cal., May 31.—Thomas Thurmond, the son of a wealthy farmer of Carpinteria, was shot, perhaps fatally, yesterday, while hunting birds on the Craven ranch. His companion, Louis Doerr, while loading his shotgun, accidentally discharged a cartridge, the full force of the shell striking Thurmond in the right side. Young Thurmond was married three months ago to Miss Robinson, a prominent young lady of St. Louis.

EXECUTING JUDAS.
A noteworthy feature of Holy week at Tula, in Mexico, is the burning of the effigy of Judas. Early in the day, near "La Casa de Dios" (House of God) they set up an effigy of the traitorous disciple, his attire nondescript, its head in reality, a calabazo. A cheap cigar is the finishing stigma, intending to indicate that the villain was far from being a gentlemanly one. By and by the effigy is placed upon the most respectable looking bear of burden that can be found, one that has long defrauded the vultures out of their obvious rights. A volunteer line of enthusiasts speeds forth, the inevitable brass band falls in and all parade the streets. The crowd collects in front of the church at the conclusion of the parade (the mass) and listens to harangues from the schoolmaster, who describes the career of the arch villain and whose obsequies they are about to assist. Many small articles, including baskets, brooms and similar household furnishings, are hung conspicuously upon the clothes lines, each thing having been stolen, and the theft attributed to Judas. The owners claim their chattels in due time. Judas is suspended from a wire and his necktie of fireworks is touched off. These, exploding, set fire to other fireworks and pinwheels attached to the traitor, who begins to rotate rapidly, receiving many a well-aimed missile from the bystanders who have odd eggs and vegetables to spare. Finally a spark reaches his inflammable interior construction, and Judas is no more—London Standard.

TWO MYSTERIES.
The man who was surveying for a railway passed inquired:
"Any mosquitoes around here?"
"Yes," answered the resident.
"Malaria?"

"What makes you want to stay in such a place?"
"I dunno. I reckon it's a mystery, same as what makes you want to fetch people here."—Washington Star.

SHERIDAN SAILS.
General Funston and his aids, Colonel G. H. Torney, chief surgeon; Major S. W. Dunning, military secretary, and several other officers inspected the transport Sheridan before she sailed today with the Seventh Cavalry, and a number of casual officers. Among the officers of the transport were General James A. Buchanan, who has recently been promoted from the colonelcy of the Twenty-fourth Infantry, and who now goes to a command in the Philippines; Colonel Butler D. Price, who commands the Sixteenth Infantry, and Colonel Charles B. Byrne, assistant surgeon general, who will be the next chief surgeon of the Division of the Philippines.

He Will Take Up Work
Across the Bay
Tomorrow.

SAN FRANCISCO, May 31.—A new era in railroad management will be inaugurated on the Southern Pacific system tomorrow. This is the last day of James Agler as manager of the lines of the Southern Pacific, and tomorrow his duties will be taken up by two men. W. S. Palmer will be general superintendent of the Northern district, comprising the Coast, Western and Sacramento divisions, and including the Carson & Colorado Railroad, with offices in this city. R. H. Ingram will be the general superintendent of the Southern district, composed of the Los Angeles, Tucson and San Joaquin divisions, with headquarters in Los Angeles.

With this change there will be appointed two new division superintendents, and both men are comparative strangers to the Coast.

W. R. Scott, who succeeds Palmer as division superintendent of the Western division, was the division superintendent of the Salt Lake division, while Platt was the division superintendent of the Utah division of the Oregon Short Line.

There is also a change in Portland. J. P. O'Brien succeeds E. A. Worthington as the manager of the Harriman lines in Oregon.

The North Shore is also to have a new man assistant general freight and passenger agent, but at noon today the management was not ready to make public the announcement. G. W. Heinz, who held that position, has left for the East to take a prominent position with a mining company.

James Agler is still an unknown quantity as a railroad man as far as the public is concerned. Mr. Calvin, when he announced the departure of Mr. Agler, was careful to say that Mr. Agler had "resigned to accept service elsewhere."

Mr. Agler is still non-committal, but he does not hesitate to say that he is "going somewhere," but will not satisfy curiosity as to whether this new position is with a railroad or with a private concern. The old story is repeated that he is to be manager for the California Northwestern and also of the North Shore, for though James L. Frazier has returned from Santa Barbara, his health is still uncertain, and it is a matter of doubt whether he will ever be able to take an active part in the management of these two lines.

Mr. Agler is still suffering, and says that he is in receipt of letters from all parts of the country, and some of these letters are of a sympathetic nature. According to Mr. Agler, he is not in need of sympathy, and judging from his happy looks, his last day with the Southern Pacific is not regretted by him. Everybody, however, is sorry to lose Agler and there are hopes expressed that he has landed "a good thing."

WILL START NEW
ROAD

SAN FRANCISCO, May 31.—General Superintendent Alonzo Tripp of the Tonopah and also the Goldfield roads is on a visit to the city on business and is staying at the Palace Hotel. Mr. Tripp had a serious accident this day last week. He was inspecting the railroad shops and did not look where he was stepping, and fell some eight feet into an engine pit and severely injured his head and back. He also sprained an ankle.

Mr. Tripp, in speaking about the new road to Goldfield, said: "We have already completed the grading of twenty-six miles of the road and we will have the remaining two miles graded before many days pass by. We are confident that we shall have the line open for traffic by the last of September. Yes, we have our rolling stock."

Young Man Did Not Find
a Bride So He
Died.

SAN FRANCISCO, May 31.—Harry H. Albright of 608 Polson street answered what his friends declare was a matrimonial advertisement, and the reply of the advertiser was not to his liking. Then followed a period of ill-humors, and then he ended his life. His body was found in his apartment by O. W. Britt, his landlord, shortly before noon today. The gas was escaping from a burner on which he had been compelled to use a screw-driver to open, and this letter, said to be a copy of his first missive to the matrimonially-inclined advertiser, was found on the bureau in his room:

"San Francisco, Monday, May 16th.
"Mrs. L. Nelson, 170 Santa Clara street, San Jose—Dear Madam: Nothing your ad in yesterday's paper, I take the liberty to answer. I do not like to flatter myself on being perfect in anything, but can say with a clear conscience that my character is good. I have a moderate education; am steady and a hard worker, and am a great lover of home. I have no pictures except those taken about seven years ago, or I would enclose one, but I will endeavor to describe myself as accurately as I can:

"Age, 37; height, about 5 feet 10 1/2 inches; light mustache, light blue eyes, dark, wavy hair, sprinkled with gray. Have been a widower for about four years.
"I will be more candid and confidential in my next if it meets with your approval.
"I ask no care to know nothing of the past. All I ask is that my wife conduct herself like a lady and place entire confidence in me, and I shall certainly do the same by her. Is not that a fair proposition? This may meet with your approval. I await a speedy reply. With best wishes and kind regards, I remain yours very respectfully,
"HARRY A. ALBRIGHT.
"608 Polson street, San Francisco."

"P. S.—I trust that this will be strictly confidential."
In passing the door of Albright's room the detective noticed the odor of escaping gas and forced the door. He found Albright lying on the bed, partially dressed, and the escaping gas filled the room. He notified the coroner, and the body was removed to the Morgue by Deputy Coroner Brown.

MINIATURE GARDENS.
The little Japanese gardens displayed in the windows of florists are made in this country, but by the Japanese artists. "We import the dwarf plants and trees used for the purpose from Japan," said one dealer. "The gardens are constructed by Japanese men here, whom we employ for the work."

"How much are they? The ones that you see here range from \$3 to \$6. We have more expensive ones. These are the \$6 ones in these round terra cotta pots.

A perfect illusion of extensive landscape is won by the clever planting of the tiny dwarfed trees, the artful twists given to weaved paths, the carefully arranged shrubs and plants.

The smallest gardens are, as a rule, grown in little shallow porcelain dishes of pretty design and coloring. The larger gardens are grown in shallow earthenware pots, bowl shaped.

"I love mine in the sunset light," says a woman who is so devoted to her garden that she has had a special high stand made for it to rest on in a bay window, where it may catch an admirable all-around light. "The effect of the golden light through the little olive trees is stunning, and orange streaks slip over the little lawns in just the way they do out real lawns."

"When dusk comes the garden is delightful, so dark and bosky and cool. And in the moonlight? Well, you just ought to see the moonlight on my garden. It's just up the street. It's just a pagoda on the side of a steep hill."

"My garden's poetry to me all the time. Through it I keep a sense of summer near me all through the winter months."—New York Sun.

CZAR AS A RISK.
The czar has been the most active recent risk in English companies, says a writer in Leslie's Monthly for June. Up to a week before last Christmas the rate on his life was 5 per cent per annum. On December 29 holders of Russian bonds, who insured him with Lloyd's for some tens of thousands of pounds, had to pay 15 per cent for a policy running only ten months. After the assassination of Grand Duke Sergius and the terrorist threat to wipe out the imperial family, the czar suddenly retired from activity as an insurance risk. Nobody wanted him at the price the underwriters placed on his life.

NARROW
ESCAPE

Some One Tampered With
the Flying
Machine.

SAN FRANCISCO, May 31.—Professor J. L. Montgomery of Santa Clara College, who invented the only successful aeroplane, has made a statement to the effect that the true reason why his last public exhibition of his aeroplane at San Jose was a failure is that some one tampered with the machine. This startling information was kept secret since the Sunday afternoon when Aeronaut John Mahoney went up in the aeroplane and discovered to his horror, when some thousand feet from the ground that the bolts and nuts had been loosened and the wires let out until the frail machine on which he sat beneath the hot-air balloon was not safe if cut away.

At the time of the exhibition it was thought by the crowds of spectators and by Professor Montgomery himself that the cause of the aeroplane's failure to cut loose was due to defective connections in the suspension rope. But that theory has been dispelled by Professor Montgomery.

He has had trouble with T. S. Baldwin, his parachute jumper and aeronaut, who built the California Arrow, which made successful flights at the St. Louis Fair. According to his statement he entered into a contract with Baldwin to build an aeroplane, by the terms of which Baldwin was to put up \$100, and so get half of the profits of the exhibition, while Professor Montgomery was to retain the patent rights and ownership in the aeroplane.

Subsequent to the contract Baldwin made descriptions of his aeroplane and the definite principle which he had discovered in aviation. He had Baldwin at the college for three weeks as his guest, during which time he explained the workings of his aeroplane and the reasons for every move of the aircraft. This was deemed necessary for the reason that Baldwin pretended that he would make agents in the aeroplane.

Subsequent to the contract Baldwin made an attempt to make an aeroplane, which he caught Baldwin making an attempt on the plans and principles which he gave him, and looking for the arrest. Suit was begun in San Jose against Baldwin, while Professor Montgomery was to retain the patent rights and ownership in the aeroplane. Baldwin was to get half of the profits of the exhibition, while Professor Montgomery was to retain the patent rights and ownership in the aeroplane.

It is now given out that Baldwin was seen in San Jose. Professor Montgomery is now in San Jose, and is in connection with the tampering with the aeroplane, which came near being a disaster to the flying young aeronaut, John Mahoney, his life.

FAIRBANKS AT
THE FAIR

PORTLAND, Oregon, May 31.—Vice-President Fairbanks and the Congressional party who are to participate in the formal opening of the Lewis and Clark Centennial Exposition arrived in this city today and were met at the Union Depot by President W. W. Glavin of the Lewis and Clark Centennial Exposition and a delegation of citizens. A mounted band and 200 men of the Fourth United States Cavalry headed the procession that escorted the visitors through the center of the city to their hotel.

This afternoon the Vice-President and Congressional parties visited the Exposition grounds.

ESCAPED FROM
INFIRMARY

Fancying that her son was summoning her to cook his evening meal for him Mrs. Catherine Ryan, whose mind was unbalanced by the destruction of her home, escaped from the infirmary last night and about noon today was found sitting beside the statue of the Virgin Mary in the grounds of the infirmary, where she might cook for her son's supper.

It is believed that the loss of her home has permanently injured her mind and she was taken in charge by Detective Shorey and taken to the Receiving Hospital, where she is being treated for insanity. She was sworn out as it is believed that she will have to be committed to an asylum before she will recover.

NOT FOR
MERCY

Berlin Does Not Think the
Czar Will Sue For
Peace.

BERLIN, May 31.—Efforts are being made in government quarters to measure the changed situation of the belligerents in the Far East and the consequent possibilities of peace. The view at present is that the Russian government will not ask peace and that the war will go on bringing with it most probably fresh humiliations, but not at once the supreme humiliation of asking for mercy.

The considerations that hold the Russian government to enduring whatever may yet come are the reasons which kept the Emperor from yielding after the former great reverses, namely, that the vital parts of the Russian empire are not yet touched, that the war so far has only been a colonial war and that Russia may yet attain superiority on land and thus have a dynasty and Russia from a final and historic humiliation.

Although it is impossible for military experts to believe that Russia will win on land, it is equally difficult for those following the higher political lines of thought in Russia to believe that Emperor Nicholas will ask for peace. The conviction at the Berlin court is that the Russian emperor believes in the righteousness of his cause and his unlimited powers of passive resistance.

MAN AND HIS NECKTIE.

"Men's taste in neckties," says a New York haberdasher, "is the most fickle thing imaginable. You can never be sure of it. It often happens that a scarf pattern which has a tremendous run for a year or two is reproduced after a few seasons, and no one wants to buy it. On the other hand, a design you could hardly give away this year may become the craze next year. Why, no one has ever been able to discover what the fashion was in neckties a few years ago. The next will have nothing but greens or blues or purples. Talk about women's taste in dress being uncertain—men's is more so. Outfitters can only guess at it. Experience avails nothing."

VOTERS' LEAGUE PLANNED

MEMBERS INTEND TO TAKE AN INTEREST IN ALAMEDA COUNTY POLITICS.

Before the time for the next election in Alameda county there will be formed in this city an organization which it is hoped will wield a powerful influence in Alameda county politics. Preliminary steps for the organization of this body, which will be known as the Voters' League of Oakland, are now being taken by the members of the Piedmont District Improvement Club, and it is the intention to perfect the organization in time for the coming election, which takes place in November, 1905.

The Voters' League was first suggested by the Rev. Miles B. Fisher, pastor of the Oak Chapel Congregational Church in Piedmont, who is one of the most earnest workers of the Piedmont Improvement club. Mr. Fisher has been a close observer of the work of the voters' leagues of Chicago and other large cities of the East, where through the influence of these organizations, much of the corruption in politics has been done away with.

The method adopted by these voters' leagues is to investigate the records of men mentioned as candidates for public offices, and then before the election to make these records known to the voters of the city by means of a public hearing, or otherwise, public, that the voters of the city may know the character of the men for whom they are asked to vote. By this means men who have once betrayed public trust are kept from again entering the race of politics through fear of exposure.

In discussing the plan the Rev. Miles B. Fisher said:

"I have had but little to do with the work of forming a league in Oakland, although it was through my suggestion that the matter was first taken up by the improvement club. 'Such a league should be absolutely non-partisan and its officers should be men of irreproachable character.' I recently received a letter from the chairman of the Voters League in Chicago, and I learned from him that so strong has the league become in that city that before the last election the leaders of the two principal parties came to its officers and asked for an expression of opinion as to the proposed candidates before their names were placed on the tickets. I feel confident that such an organization will be formed before the next election."

BENEFIT PAID BY UNION

STRIKING DRIVERS AND BOTTLERS ARE GIVEN A CERTAIN SUM EACH WEEK.

A strike benefit of \$10 a week is being paid the men who walked out from the Rainier Bottling Works last Wednesday. In two weeks the benefit will be \$15 a week as the salary of the bottlers was \$15. The striking drivers will be paid a little more, as their wages were higher than the bottlers.

Many of the men are going about the city and suburbs explaining their case to the proprietors of saloons and bars. In several instances the latter have agreed to use no more of the product of the Rainier breweries. Others of the strikers visit the meetings of the other unions in Oakland every evening and lay the facts before the unionists.

The strike was called by the International Union of Brewery Workers in response to a plea for help by the members in the Washington breweries. The latter have declared an "open shop" and a general strike has been directed against them.

In some cases the proprietors of saloons have removed the large Rum and signs advertising the boycotted product. There was a short business meeting of the strikers this morning at the headquarters of the Central Labor Council.

ALICE NICKERSON BECOMES A BRIDE

Herbert H. Stout, a graduate of the class of '05, University of California, and Miss Alice Nickerson, daughter of Mrs. A. L. Nickerson of 1075 Eighteenth street, were quietly married at the residence of the Rev. Charles T. Walkley yesterday afternoon and left this morning to spend their honeymoon in the Yosemite Valley, where the groom has a position with the Sierra Club of San Francisco.

The young couple begin their new life under auspicious circumstances, and while he is but 21 years of age and she but 20 their friends bade them adieu this morning with great expectations for their future welfare.

ROBERT ELLIOTT IN HOSPITAL

ONE OF BISHOP'S PLAYERS BECOMES SERIOUSLY ILL FROM OVER-WORK.

Robert Elliott, one of the Bishop players, has succumbed to overwork and has just been taken to a hospital. Mr. Elliott has been a member of the tragedy company of the Bishop combination, and had just closed a week in Oakland in "Miz" which he had about to open at San Francisco. He has been constantly at work for a long while, and the strain of his part has been too much for him.

A few nights ago he became delirious, and last night Frank Graham, Bishop's local manager in Oakland, was compelled to take the actor to a hospital.

REPORT MADE ON EQUITABLE

FINDINGS OF INVESTIGATING COMMITTEE NOT YET MADE PUBLIC.

NEW YORK, May 31.—The directors of the Equitable Life Assurance Society met today and received the report of the investigating committee of which H. C. Frick is chairman. The report, it was said, was very long and would not be made public after it was given to the directors.

The number of directors in attendance when the meeting began was unusually large and included the following: J. W. Alexander, James H. Hyde, Alfred G. Vanderbilt, Chauncey M. Depew, E. H. Harriman, Jacob H. Schiff, Cornelius N. Bliss, George J. Gould, Gage E. Tarbell, M. Alexander, H. C. Frick, C. Ledyard Blair, J. F. Denevare, David H. Moffatt and M. R. Ingalls.

A representative of State Senator Brackett of Saratoga was waiting outside the room in which the directors were meeting to serve subpoenas upon some of the directors in the suit brought by Mary A. Young of Saratoga.

When the reading of the report of the investigating committee was concluded the directors adjourned until late this afternoon. It is understood that nothing was done at the session beyond the reading of the report.

The report was not given out at the time of taking recess, and it was said that it would not be given out until the close of the day's meeting.

MORE SUPPLIES FOR JAPANESE

ALLENTOWN, Pa., May 31.—An exultant cablegram sent yesterday direct from the Japanese War Office at Tokyo to the Lehigh Car Wheel and Axle Works here contained a hurry order for 1,000 four-wheeled trucks, to be forwarded with all possible dispatch to Port Arthur. The order was placed conditionally last January, with the understanding that its becoming effective would depend on the result of the meeting between Togo and Roosevelt.

The trucks will be used by Field Marshal Oyama's army in equipping for Japanese use the captured Manchurian railroad. The trucks are fitted for steel bodies, which will be secured at Pittsburgh. The cars can be used both for the transportation of troops and supplies. The order is specific to the smallest detail, wanted, even the nuts and wrenches.

DR. J. P. DUNN GOOD COMEDY AT YE LIBERTY

PHYSICIAN AND WIFE WILL JOURNEY THROUGH EUROPE WITH A. A. MOORE JR. PARTY.

Dr. J. P. Dunn, the well-known physician, and also local surgeon for the Southern Pacific Railroad Company, will leave tomorrow on a trip to Europe, which will extend over three months.

The doctor will be accompanied by his wife. They will leave this city for the Overland Limited for New York City and on their arrival in that city, will be joined by Mr. and Mrs. A. A. Moore Jr. of San Francisco. The party will leave New York, it is expected, the latter part of next week on one of the fast steamers flying between this country and Europe.

On their arrival on the other side, they will go immediately to Paris, where they will enter upon their sight-seeing. It is their intention to tour through France, Germany and Switzerland in a magnificent automobile, which they will take with them from this country.

Dr. and Mrs. Dunn and Mr. and Mrs. Moore will be provided with everything which will enable them to accomplish with ease this trip abroad. Every precaution will be taken to guarantee a thorough enjoyment of the tour.

During his absence, the medical and surgical practice of Dr. Dunn will be looked after by his brother, Dr. J. W. Dunn, one of the most skilled physicians of this city, whose office is in Macdonough Theater building, and Dr. Baker of the Southern Pacific Hospital in San Francisco.

MUST RENEW CERTIFICATE.

Superintendent McClymonds has sent the following instruction to the principals of the various schools:

"Please write a letter to the parents or guardians of all children in your school who have been permitted to enter without vaccination or a doctor's certificate, that these certificates must all be renewed before the beginning of the next term to enable the pupil to readmission in the schools, even if the time has not expired that is set forth on this certificate."

FRANK BACON MAKES A HIT IN "THE MAN FROM MEXICO."

"The Man From Mexico" is moving along quite smoothly at Ye Liberty this week and is proving an even more entertaining farce than it was when presented with so much popular favor last summer.

The cast is so much that it would be difficult to improve upon, so nicely suited is every one to the role they play.

Of course Frank Bacon is the hit of the evening as Benjamin Pittsburgh, who goes to Mexico, and Lloyd Ingraham makes an excellent "friend."

Elmer Booth, Orval Humphreys and Harry Montague are splendid and Frances Slossom makes more of the role of the wife than any of her predecessors have done. Her Spanish dance with Bacon in the last act is really worth while.

There will be the usual matinee on Saturday and Sunday and the final performance of this laugh provoker will be given on Sunday night.

BUTCHER SHOP DESTROYED.

The butcher shop occupied by R. L. Dirksen and the grocery store of R. R. Leveira, at 1815 and 1847 Grove street, were burned to the ground last night. The fire is supposed to have started from crossed wires. Both were owned by John I. Bennett, who lives over the butcher shop.

The buildings were of the lightest material and the Fire Department was unable to do anything but save the adjoining buildings. The stores and fixtures are a complete loss. Ruffalo carried \$15,000 insurance. Dirksen \$250 and Leveira \$750. The insurance in each case covers the loss.

Horrible suffering from Weeping Eczema

WE VOUCH FOR THIS

In the case of J. E. Wuersten shown here, his leg was almost entirely covered with Weeping Eczema.

D. D. D.

and no taint of the disease has appeared since. We know this to be exactly as stated. This result can be accomplished with any skin affection. Barrels of blood medicine can do nothing for a skin disease. Nine out of ten manifestations in the skin are local—parasitic in nature and absolutely curable by this new prescription. D. D. D. is a clean liquid prescription, topped or atomized over the affected spots twice daily.

This preparation has our unqualified endorsement. We are recommending it with most excellent results. The cures already effected are having wide-spread influence in this section. If you have a skin affection—come to the store. It will be the means of making you a happier human being.

Weeping Eczema soon cured.
I suffered with weeping Eczema in its worst form for about 5 years. In which time I tried several remedies and I experienced no permanent relief. Nature's remedy was offered me. I will have to show you. As the Missionary said when Mr. McDonald of the Pioneer Drug Store claimed he could cure me with D. D. D. I was shown photographs of cases before and after taking D. D. D. together with the story of a remarkable cure of a man working in the Valley of the Works at Alexandria which came under the personal observation of Mr. Jordan. I commenced using the medicine as per directions. After using the fifth bottle I was cured. I have never had any return of the disease. Many come to me asking what D. D. D. did for me and I always tell them if they want to be cured. Use D. D. D. as per directions.

WOMAN PRINCIPAL'S PLACE WANTED FOR MAN.

Mrs. E. A. Wilson's Graduate Pupils Loyal Stand By Her—Temescal School Trouble.

Severs members of the central Improvement Club have petitioned the Board of Education to remove Mrs. E. A. Wilson who has been principal of the Temescal school for the last twenty years that her place may be given to a man. Who the man is has not yet developed. That the gravamen of the complaint against Mrs. Wilson is the she is a woman indicates, however, that the just demand from a few for a man is really a demand for a place for some certain man who is trying to get a job for himself by browbeating out of her place a competent woman teacher who has given satisfaction for many years.

Last night Director Rogers and Wood heard the complaint and the protests. Some of the graduate pupils of the school presented to the board a short time ago a petition signed by a large majority of the citizens of the Temescal district asking that the proceedings be dropped and Mrs. Wilson retained in her position.

"I had nothing to do with getting up that petition said Mrs. Wilson. "and knew nothing of its being presented to the board till last Thursday night."

"I have always told my pupils that character was everything and that good enough was good for nothing and you see how my boys have stood by me."

Mrs. Wilson made no statement to the board and would not talk for publication beyond saying:

"I am willing to stand on my past record and on the scholarship standing of my school. I have no further statement to make."

Directors Wood and Rogers will report to the board at the next meeting. Last February members of the Central Improvement Club began circulating a petition against Mrs. Wilson, but notwithstanding the vigorous efforts put forth it has not been extensively signed. It is stated that Frank Verlandi, one of the leaders in the fight against Mrs. Wilson, said: "All I've got to say is that I want a man for principal." This is taken to mean that there is politics in the fight and that it is being made in behalf of some particular man, desirous of stepping in the lady's shoes.

Originally the complaints against Mrs. Wilson were that she sent reports cards of the children home with the cause for the poor deportment of some of the pupils marked on the margin. Other mothers whose children were among 285 children in the school were displeased because they were told that their children did not apply themselves and were dull in comprehension. To this some dozen of them testified before the board.

There is little likelihood of Mrs. Wilson losing her position.

PEACE TALK HAS TO COME FROM RUSSIA, DECLARES JAPANESE MINISTER.
ALAMEDA COUNTY MEN ARE NAMED AS OFFICERS OF ASSOCIATION.

WASHINGTON, May 31.—"Until some word of peace comes out of Tsarskoe-Selo Nippon has but to fight on." This epigrammatic remark of Takahira, the Japanese Minister, made last night with the details of the victory of the Japanese fleet before him accurately sets forth not only his opinion but it is believed that of the Washington and other neutral governments represented here regarding the effect of the battle on Russia's policy. Whether Count Cassini, the Russian Ambassador will be the bearer of that fateful word when he sees the President today or Thursday remains to be seen but the Ambassador in conversation with a correspondent last night was more emphatic than at any time since the war was declared that the war would go on indefinitely. While admitting that he would see the President in the next few days and have a long conference on the general situation, the Ambassador strongly discourages any hopes of an early peace.

Perhaps after Liao Yang there was a possibility of peace. I will not say there was not an idea of peace at that time in certain quarters but now the crushing defeat never. The Japanese talk of indemnity. Russia can better use this money in the building of another fleet. Certainly this is not the time when Russia can afford to take up the question of peace.

TO CONTINUE
It is this apparent determination to continue in the face of disastrous defeat on land and sea which discourages the Washington Government at this time from taking any positive steps toward offering assistance to the belligerents in coming to an understanding. It is believed here however that when Russia through her own agents, has learned the full extent of her losses she may be approached regarding peace with some hope that overtures will be welcomed. It is such an opportunity for which this Government is watching.

Soon after the President returned from New York last evening Secretary Taft who had been out of the city for about a week called at the White House and was in conference with him for several hours. While the Secretary was there dispatches arrived from the Japanese Legation giving details of the battle, which the President read with keen interest.

PEACE TALK
The President and Secretary discussed a number of matters but the outbreak of peace occupied much of their time. It is believed that the crushing character of the Russian defeat gives to the President an opportunity with entire propriety, to offer his services to the St. Petersburg Government in establishing communication with Tokyo and until it can be learned that such an offer would be properly successful this Government is not inclined to act.

Thus far the Washington Government has not received the slightest official intimation that peace is under consideration at St. Petersburg but a report on this point is expected very soon from Mr. Meyer, the American Ambassador, who was some time ago instructed to make clear at the proper time to the Russian Government that while neither President Roosevelt nor any other official of the Government is ambitious for the role of peacemaker Russia would find no power more ready to assist in opening direct negotiations with Japan than her traditional friend the Washington Government.

TRAIN COLLIDES WITH HOTEL BUS

UKIAH, May 31.—The Willits train crashed into the Palace Hotel bus yesterday morning and converted it into kindling wood in short order. W. G. Price who was riding in the rear of the vehicle almost in front of the engine of the train and attempted to jump but was caught just as he reached the step and was hurled nearly fifty feet, receiving probably fatal injuries.

The crash was the accident occurred has long been considered dangerous as the train is not visible on account of trees and houses until it almost reaches the place of danger.

The driver of the bus heard the train approaching but thought he could reach the crossing before the engine got there, as he had done several times before. He escaped unharmed beyond a hard shaking up and a few slight bruises.

GIVEN DIVORCE.
A final decree of divorce was granted Minna E. Thaisen this morning by Judge W. H. West from Peter Thaisen on the ground of his neglect and habitual intemperance. She was also allowed to resume her maiden name of Emma Muller.

SAN FRANCISCO, May 31.—The California State Association of Postoffice Clerks held its annual meeting in the League of the Cross Hall yesterday and elected officers and a delegate to the national convention for the coming year.

Thirty members of the association were present to talk over the work in which they are engaged. It was announced that Congress was petitioned for a mandatory salary schedule to take the place of the one now in use. The conditions existing at present are that it is optional with the Postoffice Department whether the employees are deserving of an increase in salary and that some men working but a short time receive more than older employees.

The next meeting of the State Association will be held in Los Angeles at a date to be determined later. Those present were: D. B. Dwyer, A. Leitcher, J. J. McNaughton, N. C. Chapman, G. Feleley, A. S. J. Woods, L. E. Derr, W. King, J. Rudes, A. Hearst, I. B. Sullivan, W. E. Murphy, James Cone, J. B. Sullivan, J. E. Power, T. Fishery, B. L. Simon, J. Simon, G. McMichael, M. Kienhaupt, G. P. Muran of San Francisco, James Longshore Sacramento, D. J. McDonald, H. C. Cantwell, H. G. Leonard, Oakland, F. J. Meyer, Los Angeles, W. J. Wilson and G. V. Parker, Berkeley.

The officers elected for the year were: F. J. Meyer, Los Angeles president; James Longshore Sacramento first vice-president; Carrie Swann Santa Cruz third vice-president; J. T. Cone San Francisco, secretary; J. B. Dwyer San Francisco, treasurer; H. C. Cantwell, Berkeley sergeant-at-arms; J. E. Power of San Francisco was elected delegate to the national convention and Ralph Panof as alternate.

NARROW ESCAPE FROM INDIANS
SAN FRANCISCO, May 31.—Richard Kleissattel, a mining engineer, who for a year past has been assistant superintendent of the Groux Consolidated Mining Company, in the State of Sonora, arrived yesterday in the steamship Curacao. On two occasions he narrowly escaped death at the hands of the treacherous Yaqui Indians, for some time rampant in that part of Mexico and he does not hesitate to say that his return to this country was occasioned by his narrow escapes.

Kleissattel went to Sonora from New York, and while engaged in mining in the Ures district, thirty miles from Carbo and sixty miles northeast of Hermosillo, he became acquainted with Manpochi, chief of all the disaffected Yaquis in that part of Mexico. Manpochi and his savages make their headquarters in the Picacho mountains, a fastness that has thus far defied the Mexican rurales and the troops who have been sent after them.

On one occasion Kleissattel was on his way out to Ures on horseback, when a band of Yaquis fired twice upon him, and forced him to put spurs to his horse and turn back. On another occasion, when he was on his way to Rayon to see his sweetheart, the Yaquis ambushed him and took him to the camp of Manpochi, where he was kept where he was kept all night. He was only released after he had agreed to assist the Yaquis in procuring arms and ammunition. This was only five weeks ago. Kleissattel declared, going after his release to the country. His experience with the Yaquis had been enough for him.

Dr. W. A. Rowell, another passenger arriving in the Curacao comes from the Yaqui country where he has been filling the position of surgeon for some time. While he has had no personal experiences, Dr. Rowell says conditions in Sonora are demoralized on account of the frequent raids of the Indians.

FARMERS BUILD OWN RAILROAD
TACOMA, Wash., May 31.—Wealthy wheat-growers of Eastern Washington have reached a point where they do not wait for the big railroads to supply them with transportation facilities. Patience on the Alliston branch of the Northern Pacific and Colfax on the Spokane line of the Oregon Railroad and Navigation Company, are twenty miles apart. These towns and the surrounding country long wanted a railroad built between them, but without result. Finally the farmers not only organized a company, but have actually built the road.

Grading is three-fourth completed, with ties and rails contracted for. Gasoline motor-cars have been ordered and the road will be in operation before the wheat crop is harvested. The country produces 3,000,000 bushels of wheat yearly, besides crops of oats, barley and fruit. Later the road will be extended to Viola, Idaho, tapping the timber country and cheapening fuel for Colfax, Palouse and other towns.

SOUTHERN PACIFIC PURCHASES LAND
The Southern Pacific Company has made an important purchase of six acres of land in the Industry Tract at West Berkeley. Deeds were placed on record today conveying the land from H. W. Carpenter only a nominal purchase price being named.

T. C. Grellin has given Charles Reed the contract to remodel the premises on the northwest corner of Jackson and Twelfth streets at a cost of \$50,000.

Alfred B. McCain has given Albert A. West a chattel mortgage on his nursery stock at the corner of Palm and Sunset avenues in Fruitvale for \$110.

John Paveo has sold Manuel Frank Silva his saloon at 1501 Fifth street.

Mary E. Ehmman has given Annie Wilson a chattel mortgage on her furniture at the corner of Harrison and Tenth streets for \$100.

SOUTHERN PACIFIC WOULD PURCHASE
RENO, Nev., May 31.—A meeting of the stockholders of the Virginia and Truckee Railroad, one of the best-paying lines on the Coast has been called for the purpose of disposing of the road. The Southern Pacific Company has been negotiating for the purchase of the road for several years and it is rumored in railroad circles that the Harriman line is the prospective buyer.

The company at present taps the gold-fields of Southern Nevada, and is being extended into the Carson valley to reach a prosperous farming country. It is also the only line running into Virginia City and carries all the traffic for that portion of Nevada.

H. M. Kerrington, secretary of the company, has issued the call and has announced that all stockholders are requested to be present. D. O. Mills of New York City, the president of the company and will attend the meeting. Mills recently threatened to extend the line into Los Angeles if the Southern Pacific entered the southern gold fields.

A Touching Story

ANNOUNCEMENT TO THE PUBLIC
Kiehnner & Mante, agents for Rainier beer, wish to announce to the trade and to the general public that they are again in a position to furnish this popular beer as promptly as heretofore. To those who find it impossible to secure Rainier beer from dealers, the above named agents desire to say that by telephoning Main 855 you will be promptly accommodated.

Families wishing Rainier beer have but to resort to the use of the telephone and they will receive courteous treatment and prompt delivery.

This best of beers has been in such great demand of late that the agents have been compelled to enlarge their quarters and about the 15th of next month will be settled in the more commodious building at First and Jackson streets where all the latest improvements for bottling have been added.

"Toasted Breath of the Wheatfields"

HAS BEEN SAID OF THE DELICIOUS, CRISP FLAVOR OF

Grape-Nuts

THOSE WHO TRY THE FOOD FAITHFULLY FOR 10 DAYS LEARN THREE THINGS WORTH MORE THAN A GOLD MINE TO ANYONE WHO VALUES HEALTH AT ITS WORTH.

First, that a few ounces of perfectly digested food yields more nourishment and strength than many pounds of any kind of food undigested.

Second, that it is in Grape-Nuts alone, that the starchy part of the grain (that part which is known to supply energy) is naturally pre-digested in the process of manufacture. Government tests of all the principal foods show no food known as has much as one-half the solubility (the digestive test) in cold water as Grape-Nuts and most of the foods range down from one-fourth to very low relative percentages.

Third, that nervous systems, exhausted by the high strain of present day requirements can be and are rebuilt quickly when fed on Grape-Nuts, because Nature's Phosphate of Potash and Albumen are presented in the food and from these two things and water the life forces make up the soft gray matter with which to refill the depleted nerve centers throughout the body and brain. A distinct feeling of buoyancy and mental strength follows a "Grape-Nut diet."

See suggestions in little brochure in package. The way back to health by Grape-Nuts is pleasant and most profitable.

The Tip Officially Recognized.

Uncle Sam has been caved down the bank. He has surrendered to an insidious enemy. His hands are up and his pockets are being picked. And by whom? By a varlet armed with nothing more terrible than a napkin, a greasy rascal of a waiter generally of the "coon" or "dago" variety, a fellow of smirks and bows and covert insolences, a rogue in evening clothes that remind one of the garments worn at a pastry cooks' ball.

While Wisconsin has been legislating against the tip as a form of graft, the Government has officially recognized it and has made allowances for it in the traveling expenses of officers. The Secretary of the Navy has prepared an order establishing a scale of tips that will be allowed in bills of traveling expense. The order places certain limits on the cost of transportation, Pullman cars and the like, and continues:

"Hotel bills of commissioned officers not to exceed \$5 a day.
"Single meals, \$1 each; tip, 10 cents.
"Tips on train, 50 cents a day.
"Tips will not be allowed on parlor car, except on journey of five hours or longer.
"Tips at hotels 50 cents a day, but not to exceed \$2 a week at one hotel."

An elaborate and particularized scale of tips is framed for ocean travel and travel in foreign lands. Recognizing the greater rapacity of the foreign hotel parasite and the perfection to which the system has been reduced, the commissioned naval officer is permitted to expend \$3.50 a week on tips in foreign hotels, \$1.50 a day on an ocean steamer during six days or less, and \$1 a day for a fifteen-day trip or longer.

This order makes the tip a much an established institution as the Fourth of July, Thanksgiving Day and the anniversary of the battle of New Orleans. Henceforth every waiter in the land will know just what is due from traveling United States officers, and if he does not get it he will have a ground for demanding the court-martialing of the offender who holds out on the servants. It is sad to think how the customs of the effete nations of the Old World are sapping the institutions of free America. The tip promises to be our national undoing.

San Diego is wrestling with the dust problem. If the streets be sprinkled to keep it down, the dust cannot be swept up to be removed; instead it is turned into slush to soil ladies' dresses and otherwise befoul the footwear and clothing of pedestrians. If the streets are swept dry the clouds of dust constitute an intolerable nuisance and damage goods in the stores. So the San Diego authorities are puzzled what to do. The same puzzle confronts other municipalities. Neither sprinkling nor hand-sweeping is a remedy for the dust evil. Some way must be devised for getting rid of the dust itself, and the dust can only be collected and removed when it is dry, for wetting down only reduces it to a paste which sticks to the pavements closer than a brother. It rests with modern invention to devise an appliance that will sweep the dust into closed receptacles without sending it in the air in clouds to scatter filth and disease germs broadcast. Such an appliance will be an inestimable boon to the dwellers in cities.

The junior John D. Rockefeller has had his religious scruples aroused by the methods of Standard Oil, but he finds it easier to give up teaching his Bible class than to give up his father's money.

When Miss Hull married Captain Hobson she had the satisfaction of getting a husband who cannot be kissed off.

For two days the Russian admiralty has been insisting that Admiral Rojestvensky escaped when his fleet was destroyed, and one of the high Russian officials gave out a circumstantial account, unofficial of course, stating how the Admiral had escaped on board the destroyer Buiny and arrived safe at Vladivostok. This veracious statement was alleged to have come in a private dispatch from the high official's son, commander of the destroyer. This clumsy lie could only impose on the marines, for if Rojestvensky had arrived at Vladivostok he would promptly have telegraphed the fact to St. Petersburg. The incident is important only as disclosing the utter lack of reliability of all reports given out by the Russian officials. It clearly indicates the credit that may be attached to the Russian stories of the frightful damage alleged to have been inflicted on the Japanese fleet. Admiral Togo, who has apparently kept close within the line of truth in his reports, states that none of his ships was sunk and none disabled. His losses in men appear to have been relatively trifling.

"Never strike a man when he is down," says an exchange. Perhaps that editor thinks a kick will do the work better.

A woman has died in Oakland at the age of 107. Oakland has commenced a campaign of advertising the city as a health resort.—Grass Valley Union.

If Fairbanks can settle the Chicago strike a way will at length have been found to make Vice-President useful.

More Idle Russian Boasts.

Count Cassini has begun to sing the same old song that Russia will not consent to consider peace proposals till she has gained a great victory. As she has not scored a victory of any sort during the present war, and is in a worse condition than ever before, this sort of talk must be classed as foolish and futile bravado. Russia's financial straits and the internal disorders of the empire negative the idea that the war can be continued indefinitely, as Cassini says it will be.

In scouting the idea of paying indemnity Cassini says Russia can do better by taking the money to build another fleet of warships. Modern warships are not built in a few weeks or a few months. Under the most favorable conditions it takes from two to three years to turn out a battleship, and experience has demonstrated that after Russia has built her battleships she cannot depend upon them.

If Lunevich should be defeated and driven north, Vladivostok will be promptly invested by land and sea, and its capture in a few months may be regarded as practically certain. If Russia should lose her last naval base on the Pacific, what can she hope to gain by prolonging the war? Her armies are operating entirely on the defensive, while Japan is in undisturbed possession of the bone of contention—the Liao Tung peninsula and Korea. Since the defeat of Rojestvensky Vladivostok is useless for military purposes, and the troops kept there to man its forts merely weaken Russian effectiveness in the field.

The facts of the situation are so manifest to the world that such talk as Cassini is indulging in is regarded as mere vaporung. Boasting and lying will no longer avail to keep up appearances. France, which has been the financial backer of Russia, and her staunch friend in this war, is visibly alarmed at the prospect and is anxious for hostilities to cease. Her people have vast sums invested in Russian bonds and enterprises—estimated at over \$2,000,000—and this enormous investment is threatened by continuing a futile war, whose only promise is fresh disasters. The outlook therefore justifies the hope for an early peace.

It is not unlikely that the reluctance of the Czar and his ministers to listen to peace suggestions is largely due to a fear of the result at home. When the reserves return from Manchuria they are likely to join in the general discontent and add to the multitude of complications which beset the imperial ministers. The Russian soldiers have been getting a rude sort of education in the field, education

of a kind that is not calculated to endear to them the government or the system which has made them suffer so much. The Japanese have been busy teaching their prisoners to read and realize the advantages of a more enlightened political system than the one which oppresses the Russian people.

The United States Supreme Court has so often divided five to four on important questions that a good many have come to regard its decision as "close."

METCALF'S FINE RECORD.

When Paul Morton retires from the cabinet, Victor Metcalf of California, will in all probability be his successor. This will be in the nature of a promotion. It is a post Secretary Metcalf always has wanted. He was slated for the secretaryship of the navy when the President first offered him a place in the cabinet. Secretary Metcalf has done excellent work in his present office, and has satisfied the President. He was a member of the naval committee of the house when he served in Congress, and evidenced an intelligent interest in the development of the navy. He believes with the President in a big navy. California is proud of the success of her distinguished citizen.—Ventura Free Press.

UNIVERSITY MEN IN POLITICS.

The class of '83, University of California, gave a reunion dinner last week at the California hotel, and thereby hangs an amusing tale that has not got into print. On one side of the table was seated Abe Ruef and on the other Guy C. Earl. They are both members of that class. W. W. Deamer of the local bar remarked that with the owner of San Francisco on one side of the banquet board and the owner of Alameda county on the other, the political salvation of the class was assured. Ruef made three speeches, and in the course of one of them remarked with full sincerity and a pathetic sense of personal injury that it was "a shame not to give a man credit for his good intentions." Out of a full stomach the mouth speaketh.

This is Ruef. He is a much misunderstood man and is quite unconscious that there is anything queer in his methods. He has a certain crude sense of humor, but it is curiously imperfect in all that concerns himself. I had him talk to me one night for two hours on his own virtues and performances. I printed it all and it made most amusing reading in the way of unconscious humor. As a matter of fact Ruef is not as black as he is painted. He is more successful than other politicians who would like to imitate him if they had the ability and for this reason he has more enemies. But with Ruef and Earl on its roll the class of '83 should be the great exemplar of that long-cherished ideal "the scholar in politics."—S. F. Correspondence of the Stockton Mail.

HOTELS TOO SMALL

FOR WEDDING PARTY

BERLIN, May 31.—The hotels of Berlin find their capacity far overtaxed for the accommodation of guests at the forthcoming wedding of Crown Prince Frederick William and the Duchess Cecilia of Mecklenburg-Schwerin, even princely personages being refused accommodations.

The problem of accommodating the royal visitors is enhanced by the large retinue accompanying them.

The Duchess Cecilia will leave Schwerin on a special train Saturday morning. Her party will include her mother, the Grand Duke and Grand Duchess of Mecklenburg-Schwerin, and Prince and Princess Christian of Denmark.

The wedding gifts are beginning to arrive. The fashionable dressmakers of Berlin are working overtime trying to get the toilettes ready for the wedding.

ROUND THE BEND.

Round the bend where the pangs grow, I heard an exile groan.
The clatter of lynch-pins knocking slow in a drowsy monotone.
A great voice bellowed, "Woh back there, Bill!"
"You Lion-cow, come here!"
Then I heard the "plunk" of a banjo shrill.
Its music sounding clear.

Round the bend the leaders came With lazy shuffling stride.
Toughened muscles and solid frame, Under the lawn's hide.
Sturdy bullocks, and well they hauled, Yet I saw no driver there.
And "plunk! plunk! plunk!" the banjo called,
Playing a reckless air.

Round the bend the wagon swayed, With a led horse tied behind,
While the ghostly banjo twanged and played.
And the axles squeaked and whined, "Git there, Sargent! Git there, Dan!"
"You megatheriums!"
I looked in vain for sign of man, Even up in the gums.

Round the bend the dust swept down, I saw the wagon fall.
And a lazy teamster, tanned and brown, Lying there on a bale.
He spared and struck at the hovering flies.
His banjo on his chest and his horse's eyes,
But he cursed his bullocks best.

Round the bend he looked at me, And nodded a curt "Good-day."
Then let a passionate melody Over the fence stray.
With "clunk! clunk! clunk! clang, clang!"
He soothes his sleeping dog—
So full of harmony and song—"You Major-cow! You hog!"

Round the bend I watched him go Under the noon-day glare,
With the lynch-pins knocking soft and low, Playing a dainty air.
He yelled at the bullocks he could not see, I heard the wagon groan.
And his banjo's twanging came to me In a drowsy monotone.

Round the bend the dust dropped down And covered the wagon trail,
And I envied that teamster, tanned and brown.
Lying there on a bale,
Heavy and slow, his bullocks swung,
His horse dreamed on behind;
His dog slept sound, and his banjo rung—
And his was an easy Sydney Bulletin.

YOUTFUL OLD ACTORS.

Mr. Jefferson was not at the time of his death the oldest member of his profession. Jefferson was seventy-six, J. H. Stoddard is seventy-eight and is still in the harness, playing the nerve-taxing role of Lachlan Campbell in "The Bonnie Brier Bush." Henry Clay Barnham, the comedian of the erstwhile popular Bostonians, modestly confesses to seventy-two years. C. Leslie Allen, father of Miss Viola Allen, is seventy-four, although this statement may be doubted by local theatergoers who saw his vigorous impersonation of the shepherd in "A Winter's Tale" a few months ago.

There are few youngsters in the profession—such as W. J. Le Moyne and Frank C. Bangs, who have reached the allotted span of three-score years and ten. George Clark is sixty-five; Louis James is sixty-three; Charles A. Stevenson, Mrs. Carter's leading man, is sixty-three; Kyrie Bellaw, the dashing Beau Brummel of the stage, is sixty, and William H. Crane acknowledges the same age.—Rochester Post-Express.

HOOP SHIRTS ARE THE FASHION; HERE'S SOME OF THE REASONS WHY.

The hoop skirt has come
Formal announcement of its arrival has been made at a special meeting of the National Dressmakers Association in St. Louis
That doesn't mean the revival of the crinoline. That's been going on for some time but with all its new life the crinoline has not been equal to the demands and sadly the dressmakers are constrained to state that the hoop skirt is here
They have fought against its coming. Mrs. T. L. Hammond, the St. Louis representative of the National Dressmakers Association said
"We tried everything—ruffles, foundations, ill-fitting crinolines and even featherboning. None of these except the latter would accomplish anything like the desired result. They do good work for a time but as soon as the gown was dampened they would lose their stiffness and the garment was passe
Featherboning is expensive and it necessitates excessive work which makes the price of making a gown higher
Soft materials are the vogue. They have no stiffness of their own and clinging gowns are no longer fashionable
There is one thing for which the men who ride in the street cars may give thanks. The hoops of 1905 though they are to be real hoops will not be like those in the 'time of war'
Perhaps you have seen those in war-time plays and supposed they were exaggerations. They weren't. Those hoops began at the waist and the ratio between their various diameters was such that the final hoop might have served as a circumference for a small sized balloon
Those of 1905 are not of that style. They permit the skirt to have its own way for two thirds of its length. Then number is but six and they are set about three inches apart. The circles of 1905 are about three feet in diameter. These are connected by strips of cloth. From the top loop these strips of cloth continue upward until they

reach a belt
Jokes innumerable are due now that hoops have come. The best joke will probably be that few of the joke writers will be able to determine by glancing at well-gowned women whether they are the wearers of hoops or not. They'll probably admire the hoop-skirted ones and not know why they tender admiration.
The new skirts are designed to make the hoop skirt attractive. They are made to fit the figure. Even the habit back is threatening to return. The princess is already here. Besides these yokes that extend down in points or make long curves are used on skirts.
These lines agree beautifully with the spread that the hoop skirt gives the lower part of the skirt.
This particular association of dressmakers aims at the syph figure—that means head held up, shoulders thrown back and such a poise of the body that there will be a curve at the waist. It demands that women walk on the soles of their feet and never slouch.
There will be some instruction upon the proper way of wearing gowns. Dressmakers say the effect of their most beautiful creations is often spoiled by careless women. Especially is that true they say of the skirts. They expect the style of the skirt of 1905 to change this.
Women will go to much bother about their heads and their waists. They will worry a long time over the arrangement of their hair and their neck fixings but they're careless about their skirts. Said Mrs. Hammond. Personally I think they use mirrors too much. If they get their skirts a little bit out of place the effect is gone and the dress looks a bother.
"The skirts of this year make this impossible. I'd be just as well pleased if the women who wear my skirts had no mirrors. If they only fasten the hoops properly their skirts of this year can't help but fit. The yokes must go in certain places.
"St. Louis women are too fond of short skirts. Many of them want to

wear them to receptions. Imagine a dress of white net made walking length and worn to an elaborate affair. That happened here last winter.
The best-gowned women in St. Louis are those that let their dressmakers decide for them.
The dressmakers have at last gotten the skirt waist just where they want it. Its style is so radically different from that of last year that last year's waist can do no masquerading.
This is the day of the feminine shirt waist so betrimmed that its name seems not its own.
Curliques of lace and insertions, medallions and embroidery of ribbons are some of the decorations of the shirt waist. The yoke of the shirt waist agrees with that of the skirt—it is smooth-fitting. There is little of the blouse but there is much transverse fullness below the yoke and the aim of the dressmakers seems to be invention of ways by means of which that fullness may be gained without evident design.
Wire has not only a place in the skirts of dresses it also does service in the collars of shirt waists. With the entrance into the field of the shirt waist that is fastened in the back, the collars are part of the shirt waist and usually made of thin material which is often made thinner by insertion.
Feather boning doesn't always accept laundrying with grace. Accordingly the collars have a hoop skirt adaptation called "spreaders".
They are pieces of metal of the width of the collar and usually terminate in jeweled heads. Set a few inches on either side of the center of the collar with their heads extending into view through perforations and their bodies serving as a backbone, they keep delicate collars from falling and concealing their beauty.
The coming of hoops means the use of much material in the making of dresses. Spreaders have no such significance.
Yet both are suggestive of expansion. Is it true that styles follow the policy of the administration?

around the tank, its mistress following, her face alight with pleasure and accompanying each stroke with an encouraging "charming."
"I guess that will be enough for today," said "Garry," pulling down the sleeves of his coat. "She will learn in a few lessons, say half a dozen."
"How splendid," exclaimed the lady, "and how much do you charge for the lessons?"
"Garry" pursed up his lips and said:

READ THIS DITTY, THEN HAVE PITY.

The season now comes on apace
When mauling has a knack
Of putting on a wrinkled face,
And mentioning "lame back."
His arms, he says, are "awful sore,"
He's feeling far from prime;
We've heard that old complaint before,
It's "carpet-cleaning time."

Far o'er the land the malady
Has seized the biped male,
North, south, east, west, again we see
Mankind in terror quail.
Life has no joys for him, we vow,
His system's out of rhyme,
The reason is because just now
It's "carpet-cleaning time."

Let woman rise at early morn,
And mention cleaning house,
And just as sure as you are born,
She'll hear this from her spouse
"My nerves are feeling awfully,
To work would be a crime!"—
It's that old spring complaint, you see—
It's "carpet-cleaning time."

Should mankind notice certain signs
About this time of year,
He knows that woman has designs—
The meaning is full clear.
He'll tip-toe from the house, and for
Tall timber quickly climb;
He knows it is a sign of war—
It's "carpet-cleaning time."

Be not alarmed, dear woman, if
Your husband now complains
Of feeling sore and lame and stiff,
And full of aches and pains
It's that old spring-time malady
Which reaches every clime,
No country from the scourge is free—
It's "carpet-cleaning time."

WOMAN WANTS DIVORCE TO ENRICH HER HUSBAND

KENOSHA, Wis., May 31.—Sacrificing her position as a wife in order that her husband may achieve his wish of being a wealthy man, Mrs. Delany B. Rogers of Chicago has begun suit in the Circuit Court here for an absolute divorce from Charles Rogers.
It is to be a divorce of convenience and on it depends the future wealth of Mr. Rogers. Mrs. Rogers admits that she still loves her husband, but she will not stand in the way of his securing the fortune that was left to him by his father with the understanding that the wife be put aside.
Charles Rogers is son of Daniel G. Rogers, a Milwaukee lawyer and real estate man. The elder Rogers died several years ago and left a fortune estimated at more than a million dollars. Charles Rogers and Delany B. Rogers were married seven years ago. Rogers objected to the marriage and out the son off without a cent. Rogers told his wife-to-be that he was willing to accept poverty with her, and the marriage took place.
The will provided that the son should receive only \$4 a week from the estate so long as he was husband of his present wife. Mrs. Rogers says in her petition for divorce that her husband deserted her in June of 1902 and that since that time they have lived apart, and that Mr. Rogers has not contributed to her support. It is said they may remarry.

LEARN HOW TO CONVERSE.

Conversation, like every other art and acquirement, improves by practice. Begin by being a good listener. Let your sympathetic interest show itself by an appreciative attention when others speak.
Nothing so inspires a talker to do his best as responsiveness, and the persons who are pronounced "charming" are rarely the brilliant conversationalists, but those who give their undivided attention and show appreciation of the effort made to please and entertain them.
If you distrust your own conversational powers you can at least listen courteously. Sometimes the question, asked with intelligent interest, "What is your special hobby?" will start a man off in an eloquent account of something of which he knows much, that you may repeat in your turn, and thus begin to lay up subjects for conversation.
When you read a book mark the bright thoughts or forceful sentiments and commit them to memory. When the book is mentioned you will have something more to say about it than the bare fact that you have read it and liked it or did not like it.
"Making conversation" is the dreariest of occupations, so get below the surface chit-chat and talk of what interests you as quickly as possible. That is one of the secrets of charm in conversation—to feel interested in your own talk. Unless you do you cannot inspire interest in others. It will give natural animation to your face and manner. Try to forget yourself in your subjects.
If you are shy, think of what you are saying not how you are saying it. Be careful to speak well of everyone. The habit will enforce you to look for traits and qualities to commend, and your world will be the brighter and composed only of likeable folks.

"Well, you see, she has never had a lesson, and as expert instruction will be required, I think it a lesson will be about right."
"That is satisfactory," replied the lady. For five days she brought the spaniel in her carriage and watched the same pantomime. During the last lesson, while with head turned, she was studying the "Hot Room," through the glass partition, "Garry" lifted the spaniel with the toe of his boot and it landed in the middle of the tank. With a whimper the spaniel paddled around the tank three times while its mistress applauded.
"I guess your Tottie can swim all right now," said "Garry," fishing it out and drying it on a towel. The next day he sent his bill and got his money.

ONE OF HIS LIABILITIES.

(From an Exchange.)
During a recent financial panic a certain city magnate, like many others, found one night that his real estate was unsalable, his firm bankrupt and his money locked up in a suspended bank. In deepest despondency he walked slowly home and greeted the companion of his joys and sorrows.
"Mary," he said, "I'm ruined. So's the bank. So's the firm. I've lost my

DENIAL IS MADE BY MRS. JAMES BROWN POTTER

LONDON, May 21.—Counsel representing Mrs. James Brown Potter sent a letter to the newspapers today saying there is no truth whatever in the statement that Alfred Fossick had lent her any money whatever. Fossick is a lawyer of Maidenhead, Berkshire who is charged with misappropriating \$50,000, and who, according to a statement made in court yesterday by counsel for the plaintiff in the case informed plaintiffs' counsel that he had lent the money to Mrs. Potter. Counsel for the latter says she had no knowledge of any of the circumstances connected with the charge against Fossick until a few days before his arrest.

FORTUNE FOR THE RETURN OF LETTERS FAMILY SKELETON MAY STALK FORTH.

NEW YORK, May 31.—Offers of a \$10,000 reward are published here today for the return of a packet of letters said to have been stolen from a private safe in the home of a wealthy and socially prominent New York family whose name probably will never be mentioned in connection with the affair, unless a scandal should arise from an expose of the letters' contents.
Incidentally it is hoped to recover \$50,000 worth of jewels and many thousand dollars worth of stock certificates which were stolen at the same time as the letters but in comparison with the letters the loss of jewelry is considered insignificant.
Every effort has been made to keep the affair secret. Some time between March 31 and a few days ago an old-fashioned mahogany treasure box was stolen from a safe where it had for many years held the most valuable of the possessions of the women members of the family. A scandal in the form of a family skeleton hidden for fifteen years from the head of the household is said to have formed the basis of the theft which is believed to have grown out of a new romance in the family. The detectives at work on the case say they confidently believe that the son of the household is the thief for whom they are seeking. He is only about 23 years old a graduate of one of the leading universities and a well known figure at the social functions of the younger set.
His motive is believed to be the necessity of maintaining the appearance of having a large income during his engagement to a wealthy young society woman. His own family are opposed to the match and have limited his allowance hence his desire to acquire funds.
The suspected man left town some time ago but he is under close surveillance and the detectives believe that the offer of the rich reward just made will procure the return of the letters. The contents of these missives is unknown even to the detectives in the case.

SOCIETY WOMAN'S DOG IS TAUGHT TO SWIM.

Water Spaniel is Instructed in the Art By An Athlete of International Note.

Albany N. Y., May 5, 1905

Mrs. L. G. R. n-s-v-r
to
Garrett J. Benson,

For services and six lessons
in teaching the water spaniel
"Tottie," to swim \$12

Received payment

J. G. B.

ALBANY N. Y., May 31.—This acknowledgment of the payment of a bill rendered by "Garry" Benson the proprietor of "The Tub," reveals a most peculiar transaction. "Garry" Benson, who presented it to one of the leading social leaders of the capital city, is known all over the United States for many virtues and achieve-

ments but none more remarkable than this one. His Turkish bath is noted among politicians. During the sessions of the Legislature it is the headquarters of the newspaper correspondents who report the proceedings of the statesmen. "Garry" is also one of the most extensive importers of high-priced olive oil in the country. He is likewise a swimmer of international note, and as an instructor ranks among the highest as a chain of medals three feet long testifies. The dog incident developed this wise.
"Garry" was sitting out on the stoop of his establishment one day last week when the carriage of one of the aristocratic families in the Capital city drew up. From it there alighted a matron in the middle life, whose family trees beats the Dutch who first settled in Albany. Famous on both sides of the Atlantic as a philanthropist and entertainer her name would be readily recognized in her arms she carried a fine specimen of the water

spaniel, the sleek coat of which glistened in the sun suggested more tender treatment than is accorded a child bred in luxury.

"Mr. Benson said the lady 'you teach swimming don't you?'"
"Yes Mrs. —" replied Garry.
Well do you think you could teach my Tottie and she held out the spaniel, which poked out its muzzle to nibble at Garry's extended finger.

Yes, I think I could, replied Garry. Has he ever had a lesson?
It is a she, corrected the lady, "and has never been taught to swim. You see we live near the park. There are many ponds there as you know and this little girl has a way of running about them. I am afraid she might fall in and be drowned. As I have no children 'Tottie' is my treasure" and the lady implanted an affectionate kiss on the wet muzzle of her pet.
"Oh, I guess I could teach her," said Garry.
"Can you begin at once?" asked the lady.
"Sure," said Garry leading the way to the plunge room of his bath. Taking the dog from the arms of its mistress, he placed it on the floor. The tiny spaniel made a dash for the plunge. The lady screamed. Garry headed off the dog. Gathering in his arms he retired to a point some distance from the water, and placing it on the floor got down on its hands and knees and addressing it said, seriously: "Now doggie, when I put you in the water you must paddle your feet like this." And Garry illustrated the dog-fashion movement that all

dogs and small boys employ when first learning to swim.
"I guess she won't be hard to teach," said Garry keeping his face straight. Picking up the dog, he took it to the side of the tank and placing his hand under it, said, "Now, Tottie." The dog started paddling while its mistress, clapping her hands, expressed her delight with "Bravo, Tottie," or "How charming."

TRUCK EGAN TELLS HOW TO HIT

By "Truck" Egan

"How do I knock home runs?" The shortest and most expressive answer is "By hitting the ball over the fence." But naturally the next question would be, "How do you knock it over the fence?" By hitting them on the nose and hitting them good and hard. But I am informed that such short answers won't do at all. I am asked to tell my own horn so loud it will be heard throughout the league. And just because I have been fortunate enough to knock seven home runs this season...

AMATEURS IN AN ANNUAL REGATTA.

The first annual regatta of the Pacific Association of Amateur Oarsmen was held on the channel above Vallejo yesterday afternoon.

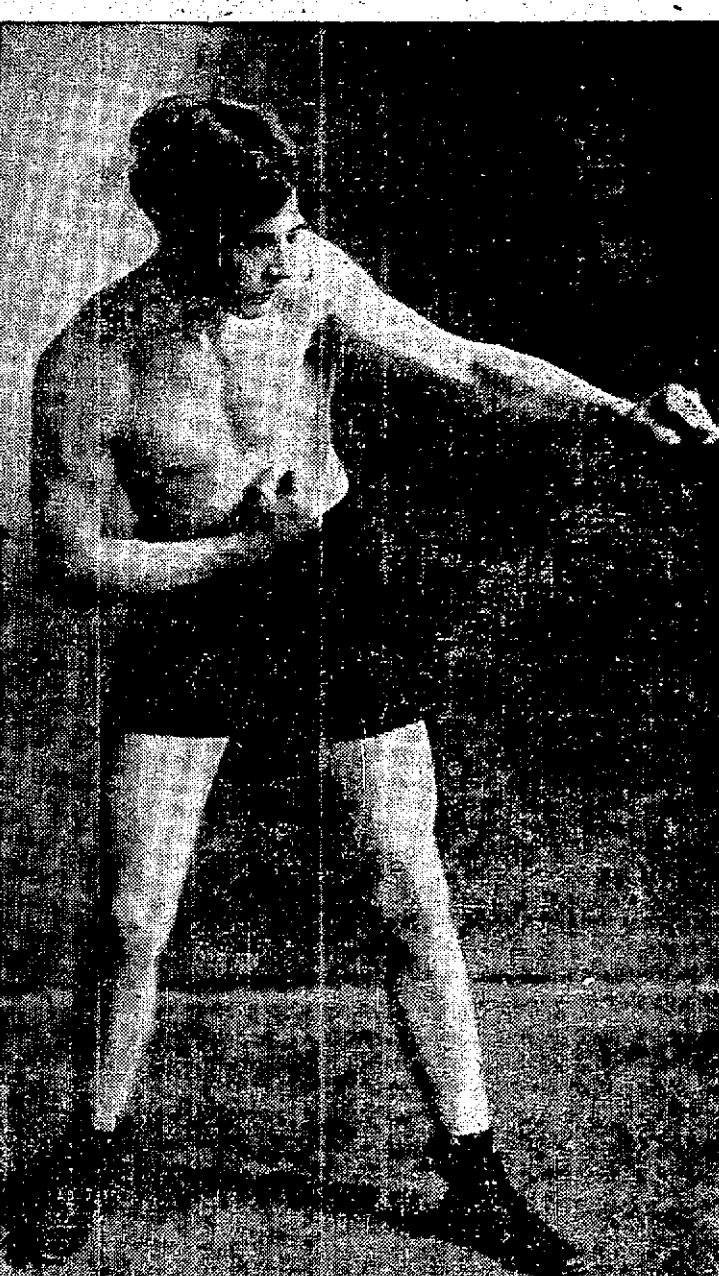

The first event was the junior barge race, which was won by the Dolphins by a full length. The race for second place was between the Alamedas and the Arrows. The start in the race was poor, the Alameda crew getting off just and taking a course too far in toward shore. The senior barge race was won by F. W. Ayers of Alameda in 3:52. S. J. Sherry of the Arrows was second. T. A. Wilson of the Arrows, who won this year, gave the credit to his telegraph pole bat, another will declare the stick must be good and heavy, and still another may say the entire body must be brought into the swing. But this latter method I am inclined to believe is a thing of the past, as pitching has improved to such a remarkable extent during the past few years that the slinger who attempts to make himself swinging with his body will find himself fanning the air and knowing of it.

AMATEUR FIGHTS TONIGHT

Good Program of Hawthorne Club.

IN WOODWARDS.

An excellent array of bouts, made up entirely of amateurs, is on the program this evening for the show of the Hawthorne Athletic Club in Woodward's Pavilion in San Francisco. The contestants are in perfect trim and good goes are promised. The mill between the heavyweights, Al Kaufman and Jack Casey, is awakening more interest than any event which has been brought off in local circles since the clashing of Berger and Rodenback. Kaufman is a splendid model for a boxer, and among many he is considered the equal of Sam Berger. He is a friend of the latter and has acted as his sparring partner on many occasions. The pair will put up a hot rally, with victory apt to perch on the standard of either. In Jack Sullivan, Kaufman will meet a man who is touted by Al Young as the best big fellow the Hawthorne club has as yet produced. He has improved greatly of late and promises to surpass all previous efforts. Members of the Olympic Club will attend tonight's show in a body for the purpose of seeing St. Clair in battle with Christy of San Mateo. Both boxers expect to win and each is putting up a fast, fierce contest. The San Mateo lad claims to have the punch and will be disappointed if he fails to deliver it. John Rodney and Jack McMullen are in the pink of condition for their battle. They have been waiting for months to get at each other and will put up the fight of their lives. The question of supremacy is one of intense discussion in Colma and Ocean View. Jack McLaughlin and Walter Stanton are in fine fettle for their battle. They have their eyes cast ahead to the middleweight championship and will not sacrifice a point which will promise them hope of retrieving that honor. The remainder of the program is equally promising.

JACK RODNEY, who will meet J. McMullen at the Hawthorne Club's show in Woodward's Pavilion, San Francisco, tonight.

GOSSIP FROM EASTERN TRACKS

By "Nestor"

Shotgun, the crack sprinter of the Jennings bunch, has not yet rounded to form in New York. He has only made indifferent showings against fair fields. He has been compelled to carry heavy impostos but when in condition the Artillery-Ornament horse breezes as well with a Saratoga on his back as a feather. Garnet Ferguson is in New York and many of the rich horse owners are viewing Bearcatcher with suspicion. While this crack nag was in California last season he was troubled with several ailments which prevented him from starting. When it is remembered that there was nothing at the Windy City a year ago to look Bearcatcher in the eye the New York horsemen have a right to suspect Ferguson with serious intentions as far as some of the large purses are concerned. Hamburg Belle is being put into great shape by A. J. Joyner. Great things are expected of the mare in the spring. Many of the experts are confident that Joyner will place his mare so as to win the majority of her starts. If this opinion is justified Hamburg Belle may be a good horse to string to for the season. C. T. Henshall has Pelham in good shape at New York. The colt that performed so well here last winter is expected to lower the colors of some of the Eastern cracks before many weeks. The colt has earned winning brackets twice since going East. Harry Stover has thus far won \$1055 in New York. Kenilworth was the medium. R. T. Wilson has won \$6,310 and Mrs. J. B. \$225. Other Californians will be heard from as soon as the season is a little more settled. H. P. Whinnit leads the list of winning owners with \$21,000 while August Belmont is a close second with \$15,000 to his credit. It was a grievous disappointment not only to his stable but to every trainer at Gravesend when Hermis, the champion of the mature division last season, pulled up under very serious suspicion. The Hermis colt, in 1474 yesterday. The Hermis colt was propped and word was immediately sent in to Edward R. Thomas by John Shields, his trainer. His lameness came opening in the middle of the race and Shields was unable to say whether it was a result of the old trouble which put him out of business last summer after his brilliant victory over Beladame in the Handicap, when he took up 43 pounds and ran one mile over a particularly muddy track in 1:38 flat, or whether he simply met with an accident. There is a possibility that it may have been due to an accident, because an expert on the subject of the colt's legs failed to disclose any evidence of tendon trouble. There are many soft places in Gravesend track this year, and it is possible that Hermis may have stepped on one of them. Yesterday was Hermis' second gallop since he recovered from the spell of sickness which prevented his starting in the Metropolitan Handicap. He was perfectly sound after the first. The extent of the trouble will not be known perhaps for a day or so. If it should develop that the horse is seriously lame he will be put by. If, on the other hand, it should be a temporary ailment only temporarily disabled, his preparation for the Suburban will be continued. The Suburban is the race Mr. Thomas is most keenly anxious to win with Hermis this year. Ever since his attack of catarrhal fever at Jamaica he has been pointed for it. The great Sheephead Bay Handicap has never been won twice by the same horse. Eddie Hearn, who has been with Hermis a runner equal to the task of capturing it again, and he is naturally anxious to put his theory to the test. Hermis' mile in 1:47 was not an amazing time. Before he was taken sick at Jamaica he galloped a mile in 1:42. NEW RECORD IN FIELD DAY

ANOTHER WIN FOR YOUNG PHOENIX.

Again St. Mary's crack junior team did the Young Phoenix yesterday add victory to their almost endless list.

The game was hard fought but the superior base running of the Young Phoenix was noticeable; besides, they used the hit and run stunt to great advantage. Both teams fielded in major league style, but two damageless errors marring an otherwise flawless exhibition of baseball. The game was a pitcher's battle with honors possibly a shade in "Midgie" Thompson's favor. He allowed six hits, fanned ten and walked three. Pratt struck out five, walked one, and permitted only four hits, but they were hits indeed. Domergue got three batters on a drive that struck the college so hard that it returned to the field, thus cutting off a home run. NEW RECORD. On Saturday Burke, the catcher, got the credit of making the year's record drive, but the honor now goes to George Haley, the short stop, whose home run in yesterday's game is considered to be the longest hit ever made at St. Mary's; he could almost have gone around twice. One of the other four hits was a three bouncer by Burke. THREE STRAIGHT. This was the third game pitched by Thompson in as many days. The Young Phoenix have but one open date on their schedule, viz., the first Sunday of July, when they will play away from home. San Leandro or Hayward, here has a chance for a drawing card; the latter team would be preferred. Following was yesterday's score: YOUNG PHOENIX. AB. R. SE. FO. A. E. U. C. OARSMEN WIN BOAT RACE

SEATTLE, May 31.—The University of California won the intercollegiate boat race on the two-mile Lake Washington course yesterday by ten lengths over Washington, followed one-half length behind by Stanford. Two starts were necessary, owing to Butterfield of Stanford breaking in the first race. The starting signal of the final race was given at 3:35. Finish time, 3:51:50. California and Washington were neck and neck up to the one-mile point, when the former drew away. The varsity crew was rowed against a light three-mile breeze and in a light rain. The freshman race was won by Stanford, California second, Washington third. Starting time, 5:11; finish, 5:25.

BARR TO ENTER ATLANTIC IN RACE

SOUTHAMPTON, May 31.—The American three-masted auxiliary cruiser Atlantic, winner of Emperor William's cup, arrived here early this afternoon flying the Stars and Stripes. She soon attracted a crowd of admirers to the quay side. Later in the day the Atlantic was taken into dry dock for a cleaning, preparatory to competing in the Dover-Heligoland race which Barr says he calculates winning.

TRIBUNE TEAM WIN ON GOAT ISLAND

The Oakland TRIBUNE took a game at Goat Island yesterday, score 9 to 5. The teams were patched up to a considerable extent but put up a fair article of ball nevertheless. The TRIBUNE's crack battery, Tyson and Goodfellow, were absent and Adney, second baseman, was pressed in to serve the twisters. Devine of St. Mary's college caught, and the pair were good from the start. While the game was in progress the TRIBUNE's fine record this year, 10 wins and 10 losses, was equalled. The TRIBUNE's fine record this year, 10 wins and 10 losses, was equalled. The TRIBUNE's fine record this year, 10 wins and 10 losses, was equalled.

NEW RECORD IN FIELD DAY

The field day contests yesterday afternoon under the auspices of the Rehance Athletic Club were attended by a large crowd. The events were all of the highest order and several exciting finishes were witnessed. The fifty-mile relay race between the Oakland Wheelmen and the Garden City Club was the feature of the meet and was won by the team from Oakland. Although the track was heavy the winning time of 2:22:58 is considered fast. The local team finished half a mile behind the first rider of the Bay City team in 2:24:22. But in the third inning Graham got off color and the Fishermen circled around the bases. Oakland's run was gained in the fifth inning by a long drive from Cracker's bat to center. Scorer, registering the run. Van Halton handed out a sassy bunch of language which cost him \$15. GAMES CALLED OFF. WASHINGTON, May 31.—The two games scheduled for today between the Washington and Boston American League teams were postponed, owing to wet grounds. DON'T BE ROBBED

NAME REFEREE FOR BIG FIGHT

Mark Shaughnessy was chosen referee for the Hanlon-Corbett fight. After a brief conference in which the two boxers and Morris Levy figured, the men met in Levy's apartments in San Francisco and came to terms without wasting much time. Hanlon held out for Eddie Smith of this city. Corbett wanted Ned Hogan or Billy Roche. Finally the name of Shaughnessy was mentioned and Corbett agreed. The latter had a lot of experience in the ring. This is the first important fight he has refereed here. Eddie Hearn, who has been with Hermis a runner equal to the task of capturing it again, and he is naturally anxious to put his theory to the test. Hermis' mile in 1:47 was not an amazing time. Before he was taken sick at Jamaica he galloped a mile in 1:42.

HAYES VALLEY CLUB HIGH JINKS

An entertainment and jinks will be given by the Hayes Valley Club this evening at their gymnasium, 639 Laguna street, between Hayes and Grove, San Francisco. Boxing and several musical numbers will make up the program. The Empire quartet, which is now at the Orpheum, has volunteered to take part in the program. Harry Baker, nutcracker of the Hayes Valley club, will give several imitations of the type and style of the pugilist now performing before the public. Singing and dancing will conclude the evening's program. The following talent will assist in the boxing bouts: Jack Cordell, Charlie Dunn, Dick Hyland, George Curran, W. Marino, Harry Chester, Harry Williams, Harry Baker, Johnny Crowe, and F. Mayfield. All members must present their cards at the door. A good time is expected for all those who attend.

HIGH HONOR COMES TO A BERKELEY MINISTER

Rev. C. M. Hill Chosen as Vice-President of the American Baptist Missionary Union.

BERKELEY, May 31.—Honor, unsolicited, has come to a prominent Baptist minister, resident of Berkeley, and the friends of Rev. C. M. Hill, of 2612 Benvenue avenue, have been congratulating him upon his selection by the American Baptist Missionary Union, as one of the vice presidents of the association.

Dr. Hill was elevated to the office at a recent annual meeting of the union, held in St. Louis. The Missionary Union in question is a representative Baptist body, composed of missionary officials and high church dignitaries, with a plentiful sprinkling of powerful and influential lay members, who have a special interest in missions. Dr. Hill was chosen as vice president, in recognition of his splendid work for the Baptist church on the Pacific coast, it being desired to accord this section representation through a prominent Pacific coast man. At the same session on the Missionary Union, William H. Munroe of Massachusetts was chosen president.

During the session a resolution was adopted, which provides for a petition to Congress asking that Chinese who come to this country for the purpose of studying be accorded the same privileges as citizens of the most favored nations.

PROPOSE BOND FOR SEWER

Melrose Board Desires to Raise \$31,000 For Improvements.

FRUITVALE, May 31.—At the last meeting of the Melrose Sanitary Board it was decided to call a bond election on June 15 for the purpose of securing the money to be used for \$31,000, and the money so raised will be sufficient to lay a main and lateral sewer through the inhabited part of the district. It would cost the property owners \$8 cents on the \$100 in taxes each year until paid off. It was only a few months ago that

DISCOVER GOLD IN CONTRA COSTA

GREAT EXCITEMENT CAUSED BY FINDING OF PRECIOUS METAL

POINT RICHMOND, May 31.—Wild excitement reigns in the little town of Knightsen, Contra Costa county. It has been occasioned by the discovery of gold on the Virtue ranch, and there seems to be ample reason for the belief that the precious metal will be found in considerable quantities. The discovery was made by John Virtue, who turned up several large nuggets near his house on the ranch. These nuggets he sent to the bank at Antioch for safekeeping and found that they were worth several hundred dollars apiece. The Virtue ranch was originally an old creek bed and miners firmly believe that gold in large quantities will be found there.

W. H. Harkness, banker, Judge Abbott, Fred Dahken and other capitalists have already staked out claims, and Virtue has appealed to Sheriff Veale to protect him, fearing he will lose his ranch. It is expected that the next few days will witness a stampede of miners to Knightsen.

Another theory that is advanced in connection with the discovery of the nuggets is that they are a portion of the treasure buried years ago by John Ravio, a shepherd, who was supposed to have amassed a fortune, and who was murdered in the vicinity of the Virtue ranch.

TO INCORPORATE.

The disposition to divide this city into two parts was voted down last night at a meeting of the citizens, in which the proposition to form two municipalities was voted down and the people of the east side decided in favor of joining with the town of Richmond. The vote on the proposition was 51 to 18. Out of the municipal chaos that has hung over the head of Richmond since its birth, retarding its development and giving the outside world an idea that our citizens were lacking in enterprise and public spirit, there is now a rift in the clouds, through which we can see emerging a full-fledged, strong city government that will reach from the water front to road 14.

ECZEMA A FLESH FIRE

Those afflicted with Eczema know more than can be told of the suffering imposed by this "flesh fire." It usually begins with a slight redness of the skin, which gradually spreads, followed by blisters and pustules discharging a thin, sticky fluid that dries and scales off, leaving an inflamed surface, and at times the itching and burning are almost unbearable. While any part of the body is liable to be attacked, the hands, feet, back, arms, face and legs are the parts most often afflicted. The cause of Eczema is a too acid condition of the blood. The circulation becomes loaded with fiery acid poisons that are forced through the glands and pores of the skin which set the flesh afire. Since the cause of the disease is in the blood it is a waste of time to try to cure it with local applications; the cause must be removed before a cure can be effected. S. S. S. has no equal as a remedy for Eczema; it enters the blood and forces out the poison through the natural channels, and builds up the entire system. The skin becomes smooth and soft again, and the Eczema is cured. Cases that have persistently refused to be cured under the ordinary treatment yield to its purifying, cooling effect on the blood. LONDON'S "DOUBLE" AT UNIVERSITY.

Student at Berkeley Whom Strangers Constantly Mistake For the Famous Litterateur.

WILLIAM LAMBERT POTTS.

BERKELEY, May 31.—Now that college has closed, and the campus is practically deserted, William Lambert Potts rejoices in the absence of constant comment upon his remarkable resemblance to Jack London, the famous author, whose residence is in Oakland.

"The double of Jack London" is what Potts' classmates dubbed him during school days, and strangers who had all seen many pictures of Jack London frequently mistook Potts for the distinguished litterateur. It was exciting at first, apparently, and great sport for the gay, frivolous college youths, who "guessed" Potts upon the character of his fame, but eventually the joke pallied on

Potts and he welcomed the time when he should leave the great seat of learning and go where London's features might not perhaps be so well known as in the vicinity of the University, and where he might have rest from such remarks as:

"How wonderfully you resemble Mr. London, the author!"

Potts was a student in the college of mining and took his degree on May 17. He is a handsome, finely built fellow, and in this and other respects his resemblance to Jack London was deemed almost uncanny. London had been told that he had a "double" at the University and expressed a wish to meet Potts and observe his "twins," but the meeting never took place. Potts, his fellows say, was not looking for trouble.

TO WED IN JUNE

Grandson of Late Naval Surgeon A. N. Towne to Marry.

BERKELEY, May 31.—Announcement has been made of the betrothal of Miss Julia Andrews of Berkeley and Nelson Shaw, son of Mrs. Clifton E. Worden, and grandson of the late A. N. Towne of the Southern Pacific. Miss Andrews is the beautiful daughter of Mr. and Mrs. George H. Andrews of Berkeley. The wedding will take place at their home on Warring street on Wednesday, June 7, and will be an elaborate society affair.

TO SPEND SUMMER ON MAINE COAST

BERKELEY, May 31.—Mrs. I. S. Belcher has left for the Atlantic coast, where she will be with friends in Maine for some time. She does not anticipate returning to California until the end of the year, but will not remain all that time in Maine. It is her intention to visit different places of interest. Mrs. Belcher gave a pretty farewell luncheon a day or two before she left in Cloyne Court, Berkeley. Ten covers were laid at a table made sumptuous in a profusion of Lady Banks roses.

AMERICANS HELD BY RUSSIANS

VICTORIA, B. C., May 31.—A letter has been received here from Habarovsk, telling of the imprisonment of a Victoria sealer and two American hunters in common with a score of Japanese who were captured by Russians on the Japanese schooner Koyochi in Okhotsk sea in August last. They were each sentenced to one year and four months imprisonment for hunting fur seals, though captured on the high sea. The sentences date from February 8th and will be served at Habarovsk.

BOY CONFESSES.

ST. LOUIS, May 31.—Falling to hear anything from the parents of the boy held here on the charge of being a runaway and who said his father was a Chicago lumber dealer, the police again questioned him, and he confessed that he had given an assumed name. He now says his father is Matt R. Smith of Kansas City and that his first name is Walter. The Kansas City authorities were notified.

TO MEET FIANCEE

Will Join Bride-Elect at Home.

BERKELEY, May 31.—Dr. Francis G. Munson of the navy, who has recently been detached from his present station on the Asiatic coast, is expected home the early part of next month, shortly after which his marriage to Miss Katherine Glass will take place. It is understood that the wedding will be celebrated at the bride's handsome new Berkeley home, and that Dr. Munson's orders, after several months' leave, will in all probability take him to the Asiatic coast.

COMES BACK TO BERKELEY HOME

BERKELEY, May 31.—Mrs. F. H. Lafave has returned to her home in Berkeley after a brief visit to friends in the navy yard town. Since Lieutenant Lafave's retirement from the navy Mrs. Lafave has resided in Berkeley.

BERKELEY FOLK AT DEL MONTE

BERKELEY, May 31.—E. A. Brackett of Dwight way and his daughter, Miss Leila Brackett, are spending two weeks at Hotel del Monte.

A CLEANLY AGE

Twentieth Century Ideas Incline Toward Sanitation and Preventatives. Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases. To prevent a disease, remove the cause. Just as unclean habits breed many diseases, so careless habits will breed dandruff. Improper use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness. It's microbes infection, nothing more nor less. Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Bowman & Co., special agents.

DOES IT HURT 'EM?

Effect of Mixture Applied to These Vines.

BERKELEY, May 31.—Professor W. T. Clarke of the agricultural department of the University of California, who was a visitor in Marysville recently, made a trip through some of the vineyards in Sutter county in company with H. P. Stabler. The purpose of the visit was to determine whether or not the spraying of vines with the Bordeaux mixture for mildew is doing any damage to the tender shoots of the vines.

The vineyards of the State and especially of the south have been experiencing much trouble with the sulphuring of vines for mildew, as it is found that the sulphuring process does not have the same effect that it used to. The grape men have been unable to give any reason for this change but it is nevertheless a fact. The sulphuring process used to be the only one used, but a few years ago it was noticed that it did not do as much good as it previously had. The good results kept decreasing until the last few years it has been noted that it does practically no good in many places.

The attention of the University authorities was called to the strange condition and they took the matter up and suggested that the vineyardists try spraying with the Bordeaux mixture. As that recommendation was made but a short time ago, this is the first season that the experiment of applying the strong mixture to the tender shoots of the vines has been made, and Professor Clarke is now trying to determine whether or not the vines have been damaged.

Although it is still too early to determine whether the mixture has done any damage, it is believed that no trouble will result from the spray. If found successful, this treatment for mildew may take the place of sulphur in California.

Professor Waite of Washington, D. C., who was in California some time ago to advise the pear growers of the State how to treat pear blight, will return again in July and learn the exact amount of good which has resulted from the treatment recommended by him.

FUNERAL HELD AT HAYWARDS

LODGE HONORS MEMORY OF MANUEL VARGAS—MANY VISITORS.

HAYWARDS, May 31.—At the funeral of Manuel Vargas this morning there were present a large number of his countrymen, a delegation from the local lodge of the U. P. E. C., to which the deceased belonged. The lodge also sent a beautiful floral offering.

The funeral was held at All Saints' Catholic Church, Rev. Father Villanet officiating. Interment followed at the Haywards Catholic Cemetery.

Death resulted from a prolonged attack of typhoid fever. Several other members of the family suffered from the same disease, but have partially recovered.

MEMORIAL SERVICES.

Under the auspices of the Veterans' League of Haywards there were held memorial services at Lone Tree Cemetery yesterday morning. The oration of the day was delivered by Dr. Doode, one of the old warriors and a member of the Grand Army.

There was a large attendance at the solemn ceremonial and the audience devoted itself to decorating the graves of the dead heroes after the oration.

Rev. B. East Naylor, the pastor of the Congregational Church, was at the service and offered the benedictory prayer.

As yesterday was a holiday the cars were crowded with excursionists coming to spend a few hours in the country. An unusually large number of automobiles came also. Many people went to the Haywards Park and enjoyed a picnic there.

MANY DO HONOR TO FAIRBANKS

SEATTLE, Wash., May 31.—When Vice President Fairbanks and party in a special car on the Great Northern arrived in this city hundreds of people assembled at the depot to welcome him. He was conducted to the Rainier Club, where he made a short address to an audience of about 2000 people, afterwards holding an informal public reception.

GOLDEN WEDDING TO BE CELEBRATED.

Alameda Couple Will Receive Congratulations This Evening—Fourth of July Celebration.

ALAMEDA, May 31.—Half a century of wedded bliss is to be commemorated in a golden anniversary this evening by Mr. and Mrs. H. E. Harvey, at their home, 2206 San Jose avenue. The affair will be made a very happy one. A large number of relatives and friends will be present to extend congratulations. The residence has been very prettily decorated in honor of the notable occasion, and a supper is to be served with covers laid for seventy-five guests.

Horatio Edgar Harvey and Jane E. Hawkins were married in Warsaw, Missouri, in 1855, by the Rev. J. V. Barks. She was a daughter of the confederacy, the child of the late Colonel "Jim" (J. W.) Hawkins, of Kentucky. When the Civil War broke out she remained loyal to the cause that she thought was right. Her husband served throughout the war as first lieutenant in the Thirtieth Indiana regiment.

Her father, Colonel Hawkins, was prominently identified with the early history of California, having crossed the plains to San Francisco in 1849. He was a prominent figure in the political history of the State. He served as a second to Terry in the memorable duel fought between the Hon. D. C. Broderick and the Hon. D. S. Terry, near San Francisco, on September 8, 1859.

Mr. and Mrs. Harvey came to California in 1877. He was employed for some time as one of the under wardens at San Quentin penitentiary. They have resided in Alameda county for fifteen years.

Three children blessed the union—Horatio Harvey, Mrs. L. B. Delselle and Fairfax. Mr. and Mrs. H. E. Harvey have four grandchildren—Glady and Marjorie Delselle and Elmo and Frank Cleveland. They have a great-granddaughter, Maxine Cleveland, the child of Elmo Cleveland.

OAKLAND MAN INJURED.

ALAMEDA, May 31.—Alden Higgins, a carpenter of 320 Eighth street, Oakland, was the victim of a severe accident at 10:20 a. m. yesterday, when he fell from the building in course of construction for Captain Sommers at the corner of Sherman street and Railroad avenue. It was feared that he had suffered some internal injuries, and he was taken in the ambulance to the Alameda Sanatorium. A boy fell off the same building a few weeks ago and received painful injuries. The structure is being erected by C. H. Foster & Son. Higgins fell to the ground, falling a distance of sixteen feet, striking a joist and severely straining his back. He was attended at the local hospital by Dr. W. T. Lum.

AUTOS WILL BE NUMEROUS.

ALAMEDA, May 31.—Owners of automobiles will make a bare show in the auto parade, which is to be one of the main features of the celebration in this city on the night of the Fourth of July. Already forty automobiles have been entered. It is stated that in Alameda there are now eighty automobiles, ranging in size from light runabouts to costly steam touring cars.

Some speculation is being indulged in as to how the autos will be decorated. It being considered dangerous as a rule to hang any lanterns in the proximity of gasoline. Some valuable prizes are to be awarded by the Fourth of July committee to the best decorated autos in the parade on the national holiday.

WHIST PARTY.

ALAMEDA, May 31.—The ladies of Carita Chapter No. 115, order of the Eastern Star, are to give a whist party next Saturday evening in Borek Hall, Masonic building, on Park street. Every arrangement has been perfected by the committee to insure a very successful and enjoyable tournament. Some handsome prizes are to be awarded the fortunate players at the popular game.

JUDGE ROBINSON HERE.

ALAMEDA, May 31.—United States Circuit Judge William J. Robinson is in this city with his wife and child, having come up from Honolulu to visit his old home and to take a needed rest from his judicial labors. Several long murder trials in Hawaii had overtaken his constitution, and suffering from a touch of nervous prostration the Judge is in California to recuperate.

CHOIR PICNIC.

ALAMEDA, May 31.—The members of the choir of St. Joseph's church, went on a picnic yesterday to Mount Tamalpais. There were twenty-one ladies and gentlemen in the party on the outing, and the day was spent very enjoyably.

WILL INSTALL OFFICERS.

ALAMEDA, May 31.—Yosemite Council Degree of Pocahontas, Improved Order of Red Men, is planning an occasion of unusual interest on June 12th, when the annual installation of officers is to occur, while an entertainment will be given. The retiring Pocahontas will be Miss Marguerite Schneider.

PERSONAL NOTES.

ALAMEDA, May 31.—Edward Moisant, who owns a valuable plantation in Honduras, Central America, is here after an absence of three years and is visiting his family at their home on Everett street.

Mrs. Elliot Plummer has not left after spending a few weeks with her parents in Contra Costa.

Judge Fred S. Cone has purchased an Oldsmobile touring car. It is a two-seated auto, painted olive-green, and the Judge intends to appear in it in the big automobile parade here on the night of July 4th.

Ex-Senator E. K. Taylor took a party out in his launch yesterday for a short cruise on the bay.

Charles Weeks contemplates a trip to Butte county to look after mining interests near Yankee Hill.

ANNUAL PICNIC OFFICERS CHOSEN FOR LODGE

THREE DANISH ORGANIZATIONS IN ALAMEDA COUNTY TO HAVE OUTING.

ELMHURST WOODMEN OF THE WORLD HOLD ELECTION—BASKET SOCIAL.

ELMHURST, May 31.—Officers were elected Monday evening at the meeting of the Elmhurst Camp of Woodmen of the World, No. 261, in Red Men's Hall. The following were chosen: F. H. Mesa, consul commander; A. S. Andersen, vice-consul commander; H. B. Alet, manager; T. E. Hoffman, outer guard; J. A. Skelly, a guard.

J. D. Armstrong, clerk, and M. Nulty, banker, are still in office, as their terms are longer than those of the other officers.

The installation of the officers-elect will take place at the next meeting, June 4th.

BASKET SOCIAL.

Elmhurst Circle No. 160, Companions of the Forest, will entertain tonight in Red Men's Hall a basket social. Each woman who comes will bring a lunch for two, and these will be auctioned off to the men present. Dancing will follow.

One of the committees of arrangements are the following: Miss Lucy Field, Mrs. Fred Strath, and Mrs. Clara Eaton. The music will be provided by Mrs. Graydon, pianist.

FAMILY OFF TO FORT BIDWELL

BERKELEY, May 31.—Mr. and Mrs. D. P. Browne of 1640 Walnut street have left for Fort Bidwell, Cal. Their daughters, Misses Bertha and Mildred, who have been attending school in Berkeley, recently took their departure for Waupaca, Wisconsin, to spend their vacation with their grandparents, who spent the winter out here two years ago.

Mrs. A. Krutz and daughter, Olive, of Oakland, will occupy their house during their absence.

MARGARET ANGLIN SCORES SUCCESS AT MACDONOUGH

Fashionable Audience Greet the Great Actress at the Local Theater.

The largest and most fashionable audience of the season crowded the Macdonough theater last night to see Miss Margaret Anglin on her first stellar appearance in this city. The play selected for the evening was "Zira," a new drama in four acts by Henry Miller and J. Hartley Manners, both popularly known to the theatergoers of this city.

It is founded upon certain incidents in a novel by the late Wilkie Collins, and in the hands of Miss Anglin's most capable company proved the dramatic sensation of the year. For many years Miss Anglin has been recognized as the great emotional actress on the American stage, but her work in "Zira" proves conclusively that she is entitled to be called the American Bernhardt, for no one else could sustain the intense emotion required throughout the third act but she. This act, which popularly became known in San Francisco as the "great third act," is undoubtedly the strongest from a dramatic standpoint that has ever been seen in Oakland, and surpasses even the wonderfully written act in "Mrs. Dane's Defense," through which the star of last evening's performance became known to the public in general.

The prologue to the play is laid in South Africa, just after the surrender of Pretoria to the English troops, and shows a battlefield with a rudely constructed hospital. Ruth Wilding, an orphan, has just received a passport through the lines, and is about to continue her journey to England to place herself under the care of her aunt, Lady Claverling, when a stray shell from the enemy's lines shatters the hut and she falls supposedly dead. Hester Trent, afterwards Zira, a poor unfortunate, takes Ruth Wilding's place, and presents herself in London as the niece. Miss Wilding's life is saved and she continues her journey to England and denounces the impostor. Zira in the meantime has endeared herself to Mrs. Claverling and particularly to her nephew, the Rev. Dr. Claverling, and despite the error of her past, she finds happiness at last in the love of a true man. Miss Anglin is splendidly supported by Frank Worthing, Edward Emery, Blanche Stoddard and Mrs. Wilkin. Tonight will be the last appearance of Miss Anglin, and she will present her successful drama "Mariana," adapted from the Spanish of Jose Eschegaray.

Among those noticed in the audience

MARGARET ANGLIN.

last night were: Mr. and Mrs. Joseph E. Baker, Miss Baker, Mr. and Mrs. Edison Adams, Mrs. Wheaton, Mr. and Mrs. George B. Perkins, Mr. and Mrs. T. T. Dargie, Mrs. Frederick Merritt, Henry P. Dalton, John Mitchell, Mr. and Mrs. Oscar Luning, Miss Charlotte Elsey, Mr. and Mrs. Roland L. Oliver, Mr. and Mrs. F. M. Smith, Mr. and Mrs. Adna A. Denison, A. Schilling, Miss Elsa Schilling, Miss Kales, Mr. and Mrs. George C. Bornemann, Mr. and Mrs. Joseph M. Kelley, Dr. E. H. Woolsey, Mr. and Mrs. Bernard Miller, Mr. and Mrs. Edward Walsh, Mr. and Mrs. Arthur Breed, George W. Austin, Ma. P. W. Bellingall and daughter, Mrs. E. S. Denison, Miss Denison, Miss Flossie Sloper, Mr. and Mrs. R. W. Briere, Mrs. A. T. Eastland, Mr. and Mrs. Esterbrook.

The sale of seats for the performance this evening has been very large, and Miss Anglin promises to repeat her triumph of last night. The play tonight is fully as interesting as "Zira."

ATTEMPTS MURDER, THEN SUICIDE

SALINAS, May 31.—The Sheriff has been notified that a Chinese merchant at Pajaro becoming crazed by the loss of money, attacked a fellow countryman with a hatchet, fatally wounding him.

He then plunged a knife into his own abdomen and may die from the wound.

MAYOR WILL TALK TO THE LADIES

On Thursday afternoon June 1, at 3:30 in the chapel of the First Presbyterian Church, Fourth and Franklin streets, will be held the regular meeting of the Woman's Civic Improvement Club. Frank K. Mott, Mayor of the city of Oakland, will address the club. Subject, "Municipal Affairs in General." The public is cordially invited.

FOUND NOT GUILTY.

VIENNA, May 31.—The trial here of several Austro-Italians from Trieste, charged with high treason for having engaged in a plot to start a revolution last summer in the Italian provinces of Austria has ended in the acquittal of the accused.

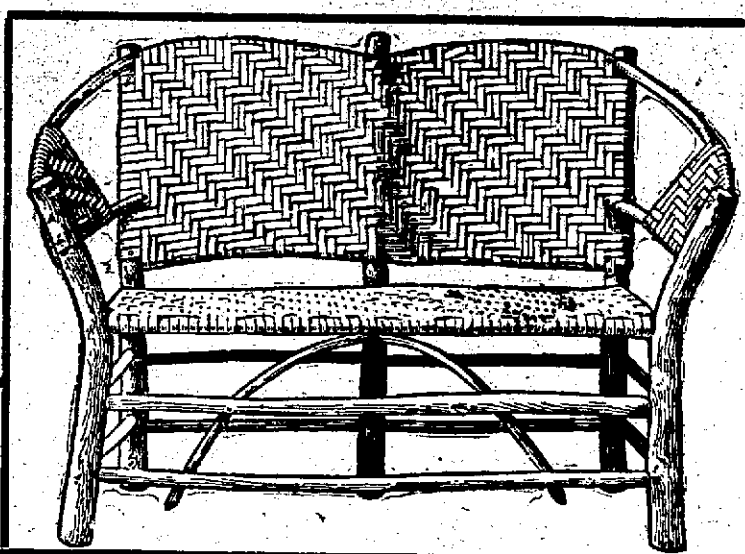

HAS THE PUBLIC GONE CRAZY?

SO QUESTIONS THE MEMBERS OF AMERICAN RAILWAY ASSOCIATION.

CHICAGO, May 31.—Has the American public gone speed crazy and is the speed of American passenger trains excessive, considering the conditions that now govern transportation and operation? These are the questions which the American Railway Association is going to consider at its coming session. The reason for taking it up at this time is the almost unanimously expressed opinion by foreign delegates to the International Railway Congress that reckless speed is the rule rather than the exception on American railways. Many of the delegates said that the hazards taken by American railways was little short of foolhardy.

Passed Stone and Gravel With Excruciating Pains

A. H. Thurmes, Mgr. Wills Creek Coal Co., Buffalo, O., writes: "I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pains. Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

No Other Remedy Can Compare With It

Thos. W. Carter, of Ashboro, N. C., had Kidney Trouble and one bottle of FOLEY'S KIDNEY CURE effected a perfect cure, and he says there is no remedy that will compare with it.
